Table 1: Reported Allergies by patients

Allergy type	**N(%)**
Environmental[a]	586
Dust	237(25.08)
Mite	122(12.91)
Pet	170(17.99)
Tree	344(35.34)
Other	82(8.68)
Food[b]	238
Milk	64(19.57)
Eggs	21(6.42)
Nuts	43(13.15)
Soy	11(3.36)
Wheat	32(9.79)
Fish	12(3.67)
Shellfish	45(13.76)
Fruits	47(14.37)
Other	52(15.90)
Drug[c]	574

Legend: [a]586 patients reported yes to environmental allergy, however there were 945 total counts, meaning that some patients reported multiple environmental allergies; [b]238 patients reported yes to food allergy, however there were 327 total counts, meaning that some patients reported multiple food allergies; [c]574 patients reported yes to drug allergy.

Table 2: Specific environmental allergy reported by patient (97 patients and 112 allergy counts)

Environmental allergy reported[a]	**Count**
Mold	34
Pets	25
Pollen/flowers/plants/seasonal	16
Insects (bees)	10
Ragweed	8
Insects (other)	5
Latex	2
Clothes (i.e. wool, etc.)	2
Detergents	2
Poison Ivy	1
Nickel	1
Dust	1
Perfume	1
Unknown	4
TOTAL counts	112

Legend: [a]97 patients reported having a specific environmental allergy that they were able to fill out, and a total of 112 environmental allergies were reported.

Table 3: Specific food allergy reported by patient (N=81)

Allergy reported	**Count**
Fleshy fruit (kiwi, mango, papaya, pineapple, etc.)	12
Nuts (peanuts, seeds, etc.)	7
Citrus fruits	6
Milk	5
Berries (blueberries, strawberries, cherries, etc.)	5
Mushrooms	5
Shrimps, scallops	5
Vegetables	5
Eggs	3
Gluten	3
Banana	3
Chocolate	3
Raw fish, shellfish, oysters	3
Vinegar	1
Beans, peas	1
Honey	1
Meats	1
Rice	1
Oatmeal	1
Other fruits	4
Unknown	6
Total counts	81
