CONTENTS

- An hereditary motor neurone disease with progressive denervation of muscle in the mouse: the mutant 'wobbler' L. W. DUCHEN and SABINA J. STRICH (With an Appendix by D. S. FALCONER)...
.....page 535
- Thalidomide neuropathy: a clinical, electrophysiological, and histological follow-up study PAMELA M. FULLERTON and D. J. O'SULLIVAN.....
.....page 543
- Globular neuropathy. A disorder of axons and Schwann cells A. D. DAYAN, G. S. GRAVESON, P. K. ROBINSON, and M. A. WOODHOUSE...page 552
- Neurological effects of glutethimide DAVID C. HAAS and A. MARASIGAN.....page 561
- Recruitment order of motor units on voluntary contraction: changes induced by proprioceptive afferent activity LENNART GRIMBY and JAN HANNERZ.....page 565
- Effects of sleep on human reflexes with a double component BHAGWAN SHAHANI.....page 574
- Invasive craniopharyngioma WARREN D. GROVER and LUCY BALIAN RORKE.....page 580
- Central pontine myelinolysis associated with acute haemorrhagic pancreatitis RICHARD J. SHERINS and M. ANTHONY VERITY.....page 583
- Histochemistry of Rathke pouch tumours W. R. TIMPERLEYpage 589
- Basilar impression and Arnold-Chiari malformation. A study of 66 cases. M. CAETANO DE BARROS, W. FARIAS, L. ATAÍDE, and S. LINS.....page 596
- Infarction in the optic nerve CARL ELLENBERGER, JR. and MARTIN G. NETSKY.....page 606
- Surgical management of intracranial Hodgkin's disease T. F. BUCKLEY and F. WARWICK...page 612
- Fatal hypertensive intracerebral haematomas: a survey of the pathological anatomy of 393 cases ELLA FREYTAG.....page 616
- Biochemical changes after spontaneous subarachnoid haemorrhage. Part III. Coagulation and lysis with special reference to recurrent haemorrhage ANNE H. C. UTTLEY and MONAMY BUCKELL...page 621
- Malignant cerebral melanoma complicating giant pigmented naevus: a case report L. L. MORRIS and G. DANTApage 628
- Early biochemical changes in plasmocid myopathy PAULINE MONROpage 633
- Neuromyelitis optica versus subacute necrotic myelitis: Part II. Anatomical study of two cases J. C. ORTIZ DE ZÁRATE, L. TAMAROFF, R. E. P. SICA, and J. A. RODRIGUEZpage 641
- Proceedings of the Society of British Neurological Surgeons: 77th Meetingpage 646
- Book Reviewspage 651
