an excellent account of existing knowledge, and can be recommended with every confidence to all concerned with the subject.

This simple introduction to electromyography is a useful guide to those who wish to take up the subject.

At the request of the Organizing Committee of the Second International Congress of Neuropathology held in London, 1955, all reports, communications, and discussions presented to this congress have been published by the Excerpta Medica Foundation. These Proceedings (edited by Dr. W. H. McMenemey) consist of three parts, Parts I and II containing 650 pages of text, and Part III containing 156 plates. The Proceedings can be ordered from Excerpta Medica Foundation, 111 Kalverstraat, Amsterdam, The Netherlands, at the price of £4 10s., fl. 50.-, or $12.50.

International Association of Applied Psychology

The XIIth Congress will be held in Rome from April 9-14, 1958.

Those who wish to attend should apply to:

Segretaria del XIII Congresso,
Internazionale di Psicologia Applicata,
Instituto Nazionale di Psicologia del C.N.R.,
Piazzale delle Scienze 7,
ROMA (Italia).

Sherrington Memorial Lecture

The first Sherrington Memorial Lecture, organized by The Royal Society of Medicine, will be delivered by Lord Adrian, O.M., M.D., F.R.S., in the Society's House at 8 p.m., on Wednesday, November 27, 1957.

The subject of the lecture is “The Analysis of the Nervous System”.

Admission will be by ticket only and applications for tickets may be made to the Assistant Secretary of the Society.

Correction.—The title of the paper by W. B. Mathews in the last issue of the Journal (20, 172) should read “Familial Calcification of the Basal Ganglia with Absence of Response to Parathormone.”
