Karl Friedrich Burdach and his place in the history of neuroanatomy. Alfred Meyer........ page 553
Differences in recruitment order of motor units in phasic and tonic flexion reflex in 'spinal man'. Lennart Grönlund and Jan Hannerz........ page 562
Demonstration of axon reflexes in human motor nerve fibres. E. Stålberg and J. V. Trontelj........ page 571
Effects of botulinum toxin on the distribution of succinate dehydrogenase and phosphorylase in fast and slow skeletal muscles of the mouse. L. W. Duchén........ page 580
Pathology of the peripheral nerves in leprosy: report of a case. A. D. Dayan and U. Sandbank........ page 586
Rheumatoid neuropathy: a histological and electrophysiological study. R. O. Weller, F. E. Bruckner, and M. Anne Chamberlain........ page 592
Schwann cell dysfunction in uraemia. J. J. Dinn and D. L. Crane........ page 605
Peripheral nerve function in chronic liver disease. K. N. Seneviratne and O. A. Peris........ page 609
Wasting of the hand associated with a cervical rib or band. W. R. Gilliatt, Pamela M. le Queinec, Valentine Logue, and A. J. Sumner........ page 615
Rate of recovery in motor and sensory fibres of the radial nerve: clinical and electrophysiological aspects. W. Trojaborg........ page 625
Controlled trial of hydroxocobalamin and riboflavin in Nigerian ataxic neuropathy. B. O. Osuntokun, M. J. S. Langman, J. Wilson, and A. Aladetoyinbo........ page 663
Subacute necrotizing encephalomyelopathy. Its relationship to central pontine myelinolysis. Amin A. Faris and Loran D. Fleckenstein........ page 667
Artificial embolization of carotid-cavernous fistula with post-operative patency of internal carotid artery. Fabian Isamat, V. Salleras, and A. M. Miranda........ page 674
Abnormal brain scan with subacute extradural haematoma. J. Barrie Morley and Keith H. Langford........ page 679
Quantitative immunoelectrophoresis of serum from hospitalized chronic schizophrenic and epileptic patients. H. G. Minchin Clarke, T. Freeman, and W. Pryse-Phillips........ page 694
Tryptophan metabolism in depression. G. Curzon and P. K. Bridges........ page 698
Unilateral and bilateral ECT: a study of memory disturbance and relief from depression. D. Cronin, P. Bodley, L. Potts, Marcia D. Mathier, R. K. Gardner, and Jean C. Tobin........ page 705
Proceedings of the Society of British Neurological Surgeons........ page 714
Book reviews........ page 719
