Neurological features of Gilles de la Tourette's syndrome RICHARD D. SWEET, GAIL E. SOLOMON, HENRIETTE WAYNE, ELAINE SHAPIRO, and ARTHUR K. SHAPIRO.......................... page 1

Treatment of Parkinson's disease with levodopa combined with L-alpha-methylidopahydrazine, an inhibitor of extracerebral DOPA decarboxylase C. D. MARSDEN, P. E. BARRY, J. D. PARKES, and K. J. ZILKHA. ......................... page 10

Effects of tracheostomy in two cases of hyper-somnia with periodic breathing ELIO LUGARESI, GIORGIO COCCAGNA, MAGDA MANTOVANI, and FABRIZIO BRIGNANI................................. page 15

Brocresine in Parkinson's disease PATRICIA M. HOWSE and W. B. MATTHEWS................ page 27

Neuropathy of metachromatic leucodystrophy K. L. DE SILVA and JOHN PEARCE........... page 30

Spinal cord blood flow in dogs: 1. The 'normal' flow IAN R. GRIFFITHS .................. page 34

Spinal cord blood flow in dogs: 2. The effect of the blood gases IAN R. GRIFFITHS ........ page 42

Spongy glio-neuronal dystrophy: a degenerative disease of the nervous system IAN J. HOPKINS and BRIAN TURNER.......................... page 50

Serum measles antibodies in multiple sclerosis W. CENDROWSKI, I. POLNA, and K. NIEDZIELSKA .. page 57

Electroretinogram and visual evoked response in a form of 'neuronal lipidosis' with diagnostic EEG features ANN HARDEN, G. PAMPIGLIONE, and N. PICTON-ROBINSON ......................... page 61

Neurophysiological identification of a late infantile form of 'neuronal lipidosis' G. PAMPIGLIONE and ANN HARDEN....................... page 68

Differential sensitivity of motor and sensory fibres in human ulnar nerve J. L. VEALE, R. F. MARK, and SANDRA REES.......................... page 75

Effect of procaine infiltration into biceps brachii muscle in man on supraspinal control of reflex transmission PETER D. NEILSON........... page 87

Electromyographic study of the rigidospasticity of athetosis COLIN J. ANDREWS, PETER NEILSON, and L. KNOWLES........................ page 94

Oculopharyngeal involvement in familial neurogenic muscular atrophy M. MATSUNAGA, T. INOKUCHI, A. OHNISHI, and Y. KUROIWA . page 104

Aneurysmal bone cyst of the spine B. PRAKASH, A. K. BAERJJI, and P. N. TANDON ........ page 112

Ulnar nerve lesions associated with the carpal tunnel syndrome L. SEDAL, J. G. MCLEOD, and J. C. WALSH.......................... page 118

Long-term treatment of multiple sclerosis with azathioprine W. R. SWINBURN and L. A. LIVERSEDGE . page 124

Traumatic cerebral aneurysms BRIEN G. BENOIT and GEORGE WORTZMAN.................. page 127

Experimental allergic neuritis: a new experimental approach WILLIAM A. SHEREMATA and PETER O. BEHAN.......................... page 139

Sequelae to pneumoencephalography Y. S. WHITE, D. S. BELL, and R. MELlick........ page 146

Proceedings of the Society of British Neurological Surgeons . page 152

Book reviews.................. page 157
