Editorials

427 Neurology in practice: another supplement: why? I Bone, G N Fuller, C Kennard

428 The clinical impact of epilepsy genetics M R Johnson, M R Johnson, J W A S Sander

Editorial commentaries

431 Magnetic resonance, magnetisation transfer, and diffusion weighted imaging correlates of optic nerve, brain, and cervical cord damage in Leber’s hereditary optic neuropathy C Liu

432 The outcome of epilepsy surgery J S Duncan

Review

433 Intraspinal steroids: history, efficacy, accidentality, and controversy with review of United States Food and Drug Administration reports D A Nelson, W M Landau

444 Magnetic resonance imaging, magnetisation transfer imaging, and diffusion weighted imaging correlates of optic nerve, brain, and cervical cord damage in Leber’s hereditary optic neuropathy M Inglese, M Rovaris, S Bianchi, L La Mantia, G L Mancardi, A Ghezzi, P Montagna, F Salvi, M Filippi

450 Predictors of outcome and pathological considerations in the surgical treatment of intractable epilepsy associated with temporal lobe lesions M J Hennessy, R D C Eltes, M Honavar, S Rabe-Hesketh, C D Binns, C E Polkey

459 Transient lesion in the splenium of the corpus callosum: three further cases in epileptic patients and a pathophysiological hypothesis T Polster, M Hoppe, A Ebner

471 Levodopa reversible loss of the Piuer frequency oscillation component in Parkinson’s disease J H McAuley, D M Corcos, J C Rothwell, N P Quinn, C D Marsden

477 Reducing everyday memory and planning problems by means of a paging system: a randomised crossover study B A Wilson, H C Emslie, K Quirk, J J Evans

483 Pentagon copying is more impaired in dementia with Lewy bodies than in Alzheimer’s disease T A Ala, L F Hughes, G A Kyrouac, M W Ghobrial, R J Elble

489 Gamma knife radiosurgery of recurrent central neurocytomas: a preliminary report A Bertalanffy, K Roessler, W Dietrich, M Aichholzer, D Prayer, A Ertl, K Kitz

494 Clinical trials of multiple sclerosis monitored with enhanced MRI: new sample size calculations based on large data sets M P Sormani, D H Miller, G Comi, F Barkhof, M Rovaris, P Bruzzi, M Filippi

500 Demyelinating disorder of the central nervous system occurring in black South Africans G Modi, A Mochan, M Modi, D Sawyer

506 Acute functional reorganisation of the human motor cortex during resection of central lesions: a study using intraoperative brain mapping H Duffau

Lesson of the month

514 Wilson’s disease presenting in a family with an apparent dominant history of tremor D J Nicholl, P Ferenci, C Polli, M B Burdon, H S Pall

Neurological picture

516 “The other” Babinski’s sign: paradoxical raising of the eyebrow in hemifacial spasm J L Devoize

Short report

517 Reduction of striatal glucose metabolism in McLeod choreoacanthocytosis M Oschner, R Buchert, W Beyer, A Danek

521 Combined functional magnetic resonance imaging and diffusion tensor imaging demonstrate widespread modified organisation in malformation of cortical development U C Wiesmann, K Krahots, M R Symms, G J M Parker, C A Clark, G J Barker, S D Shorton

524 Neurology in ancient faces O Appenzeller, J M Stevens, R Kruszynski, S Walker

530 Diffusion imaging shows abnormalities after blunt head trauma when conventional magnetic resonance imaging is normal F J Rugg-Gunn, M R Symms, G J Barker, R Greenwood, J S Duncan

534 Inflammatory cytokines in subarachnoid haemorrhage: association with abnormal blood flow velocities in basal cerebral arteries K Fassbender, B Hodapp, S Rossoll, T Bertsch, J Schneck, S Schütz, M Fritzingher, P Horn, P Vajkoczy, S Kreisel, J Brunner, P Schmiedek, M Hennerici

538 Treatment of sialorrhoea with ultrasound guided botulinum toxin type A injection in patients with neurological disorders M Porta, M Gamba, G Bertacchi, P Vaj

541 Rub epilepsy: a somatosensory evoked reflex epilepsy induced by prolonged cutaneous stimulation K Kanemoto, Y Watanabe, T Tsuji, M Fukami, J Kawasaki
Measurement of spinal cord area in clinically isolated syndromes suggestive of multiple sclerosis

Disability and quality of life in Charcot-Marie-Tooth disease type 1

Iron overload without the C282Y mutation in patients with epilepsy

High dose naltrexone for dyskinesias induced by levodopa

Palilal and thalamic neurostimulation in severe tardive dystonia

Indicators of rapid clinical recovery in Guillain-Barre syndrome

A transient dysfunction of the neuromuscular junction due to carbendazim intoxication

Refsum’s disease in an Arabian family

A case of malignant lymphoma exhibiting multiple cranial nerve enhancement: leptomeningeal metastasis? Or another lymphoma associated event?

The Glu298Asp polymorphism in the NOS3 gene is not associated with sporadic Alzheimer’s disease

A transient dysfunction of the neuromuscular junction due to carbendazim intoxication

Refsum’s disease in an Arabian family

A case of malignant lymphoma exhibiting multiple cranial nerve enhancement: leptomeningeal metastasis? Or another lymphoma associated event?

The Glu298Asp polymorphism in the NOS3 gene is not associated with sporadic Alzheimer’s disease

How well does the Oxfordshire Community Stroke Project classification predict the site and size of infarct of brain imaging?

Sir David Bruce (1855–1931) and Thermistocles Zammit (1864–1935)

Neurological stamp

Periodicals postage paid at Rahway NJ. Postmaster: send address changes to: Journal of Neurology, Neurosurgery, and Psychiatry, c/o Mercury Airfreight International Ltd, 365 Blair Road, Avenel, NJ 07001, USA. ISSN 0022–3050.

Notice to Subscribers Journal of Neurology, Neurosurgery, and Psychiatry is published monthly. The annual subscription rates for institutions are £314.00 (USA $503.00) for print only. Online licences are priced on the FTE basis and allow access by the whole institution. Institutions who opt for online access may purchase print at deeply discounted rates. Personal subscription rates which include online access are £132.00 (USA $212.00). Enquiries regarding rates and orders should be sent to the Subscription Manager, BMJ Publishing Group, BMA House, Tavistock Square, London WC1H 9JR, subscriptions@bmjgroup.com. Subscribers may pay for their subscriptions by Mastercard, Visa, or American Express by quoting on their order the credit or charge card preferred, together with the appropriate personal account number and expiry date of the card. Orders can also be placed with any leading subscription agent or bookseller. (For the convenience of readers in the USA subscription orders with or without payment may also be sent to the BMJ Publishing Group, PO Box 590A, Kennebunkport, ME 04046, USA. Tel: 1 800 236 6265. All enquiries, however, must be addressed to the publisher in London.) All enquiries regarding air mail rates and single copies already published should be addressed to the publisher in London.
