EDITORIAL COMMENTARIES

615 Timing the initiation of treatment in Parkinson’s disease
D G Grosset, A H Schapira

615 Collateral damage in acute stroke treatment: a new role for an old concept?
L Warburton

616 Interferon β in multiple sclerosis: predicting response at an early stage
J Killestein, H-P Hartung

REVIEW

619 White matter hyperintensities in late life depression: a systematic review
L I Herrmann, M Le Masurier, K P Elmeier

RESEARCH PAPERS

625 Impact of collateral flow on tissue fate in acute ischemic stroke
O Y Bang, J L Saver, B H Back, J R Alger, S Starkman, B Obiageli, D Kim, R Jahan, G R Duckweiler, S R Yoon, F Viutdua, D S Liebskind, for the UCLA Collateral Investigators

630 Hippocampal activation in adults with mild cognitive impairment predicts subsequent cognitive decline
S L Miller, E Fenstermacher, J Bates, D Blacker, R A Sperling, B C Dickerson

636 Hippocampal deformation mapping in MRI negative PET positive temporal lobe epilepsy

641 Successful ageing in adversity: the LASER-AD longitudinal study
G Livingston, C Cooper, J Woods, A Milne, C Katona

646 MRI activity and neutralising antibody as predictors of response to interferon β treatment in multiple sclerosis
L Durelli, P Barbero, M Bergui, E Versino, M A Bassano, E Verdon, C Rivero, C Ferrero, E Pizzu, P Ripellino, G Giuliani, E Montanari, M Clerico, for the Italian Multiple Sclerosis Study Group†

652 Using the presence of visual hallucinations to differentiate Parkinson’s disease from atypical parkinsonism
D R Williams, J D Warren, A J Lees

656 The influence of attention deficits on functional recovery post stroke during the first 12 months after discharge from hospital
D Hyndman, R M Pickering, A Ashburn

664 Immune responses to myelin proteins in Guillain–Barre syndrome
A Makowska, J Pritchard, L Savvito, N Gregson, M Pedeman, A Hayday, R Hughes
719 Significant associations of metabolic syndrome and its components with silent lacunar infarction in middle aged subjects
K Park, N Yasuda, S Toyonaga, E Tsubosaki, H Nakabayashi, K Shimizu

722 Genes involved in the transforming growth factor beta signalling pathway and the risk of intracranial aneurysms
Y M Ruigrok, S Tan, J Medic, G J E Rinkev, C Wijmenga

725 The adolescent and adult form of cobalamin C disease: clinical and molecular spectrum
C Thauvin-Robinet, E Reze, G Couvreur, M-H Horellou, F Sedel, D Grabli, G Bruneteau, C Tonnei, A Maurel-Paulet, D Perennou, T Moreau, M Giraud, H Ogier de Baulny, S Giraudier, L Faivre

729 Spontaneous recovery of dermatomyositis and unspecified myositis in three adult patients
J van de Vlekkert, J E Hoogendijk, C J M Frijns, M de Visser

731 Oculopharyngeal myopathy with inflammation and calcinosis: an unusual phenotype
T Jenkins, S Al-Sarraj, M Rose

PostScript
734 Functional imaging correlates of fronto-temporal dysfunction in Morvan’s syndrome
A T Toosy, S E Burbridge, M Pitkanen, A S Loyal, N Akanuma, H Laing, M D Kopelman, T C Andrews

735 Truncation of Caveolin-3 causes autosomal-recessive Rippling Muscle Disease
M Traverso, C Bruno, A Broccoli, F Sotgia, M A Donati, S Assereto, E Gazzarrio, M Lo Monaco, A Modoni, A D’Amico, S Gasperini, E Ricci, F Zara, M Lisanti, C Minetti

737 Sporadic ALS with early-onset respiratory failure is not associated with IGHMBP2 gene mutations
P Kühnlein, A-D Sperfeld, S Endruhn, R Varon, A C Ludolph, C Häubner

738 Fragile X associated tremor/ataxia syndrome (FXTAS) with dementia in a female harbouring FMR1 premutation
Y Karmon, N Gadoth

739 Book review

Neurological pictures
618 Recurrent asystolia in right middle cerebral artery infarct with predominant insular involvement
V Rey, C Cereda, P Michel

671 “Bubbling brain”
M G T Bartholomeus, F E de Leeuw

685 Rapidly growing basilar dissecting aneurysm
J P Peluso, W J van Rooij, M Styczewski

Focus your mind on quality research every month

Journal of Neurology, Neurosurgery and Psychiatry keeps you right up to date with the whole field of clinical neurological practice, neurosurgery and psychiatry, so you’ll want the guarantee of reading it every month.

Why not recommend the journal to your librarian or better still, obtain your own personal subscription? You will receive a paper copy every month as well as online access for just £195 a year (€289, $371). Too much paper on your desk already? An online subscription is just £114 (€169, $217). Better still, a personal subscription includes the acclaimed bi-monthly PracticalNeurology.

Visit group.bmj.com/group/subs-sales - your subscription to this first class journal is just a few clicks away.
