Impact commentaries

119 The Hamilton Depression Scale—accelerator or break on antidepressant drug discovery? D Nutt

Editorial commentaries

121 Introducing a ‘neuropsychiatry’ special issue: but what does that mean? A J Carson

123 Who values evidence? P Littlejohns

125 When patient opinion and clinical science are implacably opposed: the view from an MS specialist C J Mumford

127 Chronic fatigue syndrome/myalgic encephalomyelitis: more heat, some light—directions for research and clinical practice R Morrise

129 Importance of clinical tests to detect non-organic paresis M Soneo

130 Dopamine transporter imaging with [123I]FP-CIT (DaTSCAN) in Parkinson’s disease with depressive symptoms: a biological marker for causal relationships? I D Grachev

132 The strange sensation of déjà vu: not so strange in temporal lobe epilepsy C J A Moudin

133 Alzheimer’s disease: charting the crossroads between neurology and psychology T Gilbert, M Herbst

Neuropsychiatry

135 Feelings of loneliness, but not social isolation, predict dementia onset: results from the Amsterdam Study of the Elderly (AMSTEL) T J Holwerda, D J H Deeg, A T F Beekman, T G van Tilburg, M L Stolk, C Joner, R A Schoevers

143 Is there anything distinctive about epileptic déjà vu? C Warren-Gash, A Zeman

148 Impulse control disorders in Parkinson’s disease: decreased striatal dopamine transporter levels V Yoon, A Rizzo, R Chakravarty, N Mathewson, S Robinson, N A Howell, N Harrison, G Voon, K R Chaudhuri

153 Deep brain stimulation for obsessive–compulsive disorders: long-term analysis of quality of life P Ooms, M Mantione, M Fige, P R Schuurman, P van den Munckhof, D Denys

159 Depressive symptoms in Parkinson’s disease are related to reduced [123I]FP-CIT binding in the caudate nucleus C Vriend, P Rajmakkers, D J Velman, K D van Dijk, Y D van der Worp, E M J Foncke, J H Smit, H W Berendse, O A van den Heuvel

165 The elbow flex-ex: a new sign to detect unilateral upper extremity non-organic paresis T L Lombardi, E Barton, J Wang, D S Elatchio, J M Chung, A Mashakumarain, E I Tsimenov
Contents

168 Diagnosis and management of Marchiafava–Bignami disease: a review of CT/MRI confirmed cases
M Hillbom, P Saloheimo, S Fujioka, Z K Wszolek, S Juvela, M A Leone

174 Neurophysiological correlates of dissociative symptoms

180 The value of ‘positive’ clinical signs for weakness, sensory and gait disorders in conversion disorder: a systematic and narrative review
C Daum, M Hubschmid, S Aybek

191 A systematic review of transcranial magnetic stimulation in the treatment of functional (conversion) neurological symptoms
T A Pollak, T R Nicholson, M J Edwards, A S David

198 Screening for poststroke major depression: a meta-analysis of diagnostic validity studies
N Meader, T Moe-Byrne, A Llewellyn, A J Mitchell

207 Improving delirium care through early intervention: from bench to bedside to boardroom
S O’Hanlon, N O’Regan, A M J MacLullich, W Cullen, C Dunne, C Exton, D Meagher

214 Unity of opposites? Chronic fatigue syndrome and the challenge of divergent perspectives in guideline development
C Smith, S Wessely

220 The prognosis of functional (psychogenic) motor symptoms: a systematic review
J Gelauff, J Stone, M Edwards, A Carson

227 A structural MRI study of motor conversion disorder: evidence of reduction in thalamic volume
T R Nicholson, S Aybek, M J Kempton, E M Daly, D G Murphy, A S David, R A Kanaan

230 Depression in glioma: a primer for clinicians and researchers
A G Rooney, P D Brown, J C Reijneveld, R Grant

236 Grey matter changes in motor conversion disorder
S Aybek, T R J Nicholson, B Draganski, E Daly, D G Murphy, A S David, R A Kanaan

Neurological picture

239 Neurological ornithology
J J McKinley, A McCarthy, E Kavanagh, T Lynch
