The Journal of Neurology and Psychopathology

VOLUME XIV, 1933-34

INDEX
INDEX

A

Acetarsone [stovarsol] intravenously in treatment of neurosyphilis (L. Spiegel), 364
Adenomatous submaxillary and cutaneous fibromatosis occurring together, with a family history of tuberous sclerosis (G. Duwe and L. van Bogaert), 268
Adequacy, social, measuring of (Mary Josephine McCormick), 73
ADRIAN, E. D.: The Mechanism of Nervous Action, review, 184
Age incidence of paresis (Magnus C. Petersen), 79
Alcohol injected intravenously: Its penetration into the cerebrospinal fluid in man (H. G. Mehrzens and H. W. Newman), 266
Alcoholic adrenals, blood-cerebrospinal fluid barrier in (O. Rothschild and Evelyn R. Burke), 266
"Alcoholic" polyneuritis. See Polyneuritis
ALEXANDER, FRANZ: Functional disturbance of psychogenic nature, 76
ALFORD, LELAND B.: Localization of consciousness and emotion, 71
ALLEN, CLIFFORD: Extracortical manifestations of cerebrovascular degeneration, 35—Experiments in reinforcing mental analysis in cases of psychosis, 180, 375—Cephalic dysostosis, 332
ALLEN, EDWARD B.: Relation of menstruation to personality disorders, 371
ALLEN, S. M.: Ketogenic diet in epilepsy, 363
Anamnese, a specific, investigation of (Milton H. Erickson), 149
Anemia, pernicious, mental disorders in (D. Francke), 369
Anesthesias, hypnotic, experimental study of (John B. Dene, 79
Aneurysm, relation of subarachnoid hemorrhage to (A. Biemond and J. W. G. Té Brak), 138
Arachnoid membrane, intracranial, clinicopathological study of (L. Davis and H. Haven), 67
Argyll Robertson pupil in neurosyphilis (H. H. Merritt and M. Moore), 269
Arithmetical calculation, the anatomical cerebral substratum for the faculty of (K. v. Santha), 134
Arterial irritation of the cerebellar nuclei in man (I. Fazzari), 143
Arteriosclerosis, histopathological characteristics of peripheral nerves in unruptured extremities of patients with (J. B. Priestley), 67
Arteriosclerotics, muscular rigidity in (A. Kreindler and A. Bruch), 163
ASHBY, W. ROSS (and R. M. STEWART): Brain of the mental defective, II: The corpus callosum in its relation to intelligence, 217
Association in normal and subnormal adolescents (Edna Willis McKewen), 74
Astrocytoma of the cerebellum (Louis Hausman and Lewis Stevenson), 269
Astwazaturow, M.: A special form of neuralgia parasthetica—nothalgia parasthetica, 361
Ataxia, Friedrich's, special form of multiple sclerosis related to (B. Brouwer), 300

B

BAILEY, PERCIVAL: Intracranial Tumours, review, 281
BALASSA, M.: The central paths and receptors for pain, 192
Barbituric acid compounds, action of, a contribution to the prolonged convulsion treatment of mental symptoms (A. M. Meerloo), 181
BARD, PHILIP: Studies on the cerebral cortex. I: Localized control of placing and hopping reactions in the cat and their normal management by small cortical remnants, 261
BARKER, GEORGE: Ergot and Ergotism, review, 88
BASSOE, PETER (and FRANKLIN G. BRAUGH, editors): The Practical Medicine Series of Year Books: Neurology and Psychiatry, review, 191
BECK, G. M.: Improvement in nervous and mental states under cortin therapy, 365
Behaviour, conflict in, the biologic basis of (G. F. Coghill), 168
BERNHEIM, HARMANN N. (and RUDOLF THEILK): Beiträge zur Kenntnis der Narkolepsie, review, 89
BERRIEN, F. K.: Dreams in relation to emotional instability, 273
BIEMOND, A.: Subarachnoid hemorrhage and its relation to aneurysm, 138
BINET, LéON (and G. H. ROGER, editors): Traité de Physiologie Normale et Pathologique, Tome IX, Système Nerveux (Première partie), review, 189
BIRNBAUM, KARL: Soziologie der Neurosen: die Nervosen Störungen in ihren Beziehungen zum Gemeinschafts- und Kulturleben, review, 188
BLACKER, C. F.: Human Values in Psychological Medicine, review, 93
BLACKMAN, NATHAN: Spirochetal findings in the brains of parakeets treated with malaria, 374
Blood-cerebrospinal fluid barrier in alcoholic disorders (D. Rothschild and Evelyn R. Burke), 266
Blood-cerebrospinal fluid filter, permeability of (P. Ottonello), 66
Blood cholesterol, fasting, 266
Blood cholesterol, fasting, in its relation to psychiatric problems (N. W. Winkelman), 81
Body chemistry. See Chemistry
Borate treatment of epilepsy (Th. Bovet), 70
BOVET, TH.: The borate treatment of epilepsy, 70
BOWMAN, KARL M.: Statistical study of hallucinations in the manic-depressive psychoses, 78
BRAIN, W. RUSSELL: Diseases of the Nervous System, review, 183
Brain, blood vessels of, impairment of in psychiatric problems (N. W. Winkelman), 81
Brain changes in legal electrocution (George B. Haas), 263
Brain of the mental defective, II: The corpus callosum in its relation to intelligence (W. Ross Ashby and R. M. Stewart), 217
Brain edema. See Edema
Brain tumour. See Tumour
Brains of parakeets treated with malaria, spirochetal findings in (Nicholas Koploff and Nathan Blackman), 374
BRIEMER, F.: The late commotional syndrome of closed cranial wounds, 157
Bridges, James Winfred: Personality, Many to One, review, 333
Bromide content of body fluids, improved colorimetric method for the determination of (Henry Tod), 146
Bromide delirium and other bromide psychoses (Max Levin), 171
Brouwer, R.: Special form of multiple sclerosis related to Friedreich's ataxia, 360
Bruns, A.: Muscular rigidity in arteriosclerotics, 163
Brudzinski's sign and Kernig's sign, and hyperalgesic reflexes, value and significance of (S. Gullotta), 162
Brusyoghe, R.: Influence of the vestibular nuclei and in particular those of Deiters on tendon reflexes, 148
Bulbocapnine catalepsy. See Catalepsy
Burés family group and Huntington's chorea. See Chorea
Burke, Evelyn R.: Blood-cerebrospinal fluid barrier in alcoholic disorders, 266
C
Carbitto, L.: Lange's reaction in neurosyphilis, 66
Cadwalader, Williams B.: Diseases of the Spinal Cord, review, 92
Cameron, H. C.: The Nervous Child at School, review, 91
Campbell, Katherine J.: Relation of the types of physique to the types of mental diseases, 79
Cancer of ovaries, large round-celled, causing toxic degenerative myelocardiitis (V. Tronconi), 68
Capillaries in psychiatry, research on the direct observation of (A. Mari), 374
Capillary changes in psychopathic children and young subjects following treatment with an iodothyroidin preparation (G. Fighini and C. Delfini), 81
Carcinoma. See Cancer
Carodnà, F.: The microglia in mongolian idiocy, 177
Catalepsy, bulbocapnine, in man (M. Ellermann), 173
Catalepsy caused by lesions between the mammillary bodies and third nerve in the cat (S. W. Ranson and W. R. Ingram), 201
Cardona, S. and R. Weimer Wilson), 45
Catapillaries in psychiatry, research on the direct observation of (A. Mari), 374
Capillary changes in psychopathic children and young subjects following treatment with an iodothyroidin preparation (G. Fighini and C. Delfini), 81
Carcinoma. See Cancer
Carrus, G.: The microglia in mongolian idiocy, 177
Catalepsy, bulbocapnine, in man (M. Ellermann), 173
Catalepsy caused by lesions between the mammillary bodies and third nerve in the cat (S. W. Ranson and W. R. Ingram), 201
Cardona, S. and R. Weimer Wilson), 45
Catatonie syndrome, interruption of the (S. Gullotta), 180
Centrifugal fibres of the posterior roots, old and new studies on (E. Lugaro), 144
Cerebellar nuclei in man, arterial irrigation of the (L. Fazzari), 143
Cerebral circulation. See Circulation
Cerebral cortex, studies on (Philip Bard), 261
Cerebral hemmorhage and thrombosis, the spinal fluid and its pressure in (K. H. Krabbe and E. Geert-Jorgensen), 147
Cerebral hypophysitis. See Hypophysitis
Cerebral lesion, a focal, the grasp reflex and motor negativism as symptoms of (S. Gullotta), 139
Cerebral localization of epileptic manifestations (W. Penfield and L. Gage), 270
Cerebral structure and mental function (R. J. A. Berry and R. M. Norman), 289
Cerebral vein. See Vein
Cerebrovascular degeneration, extracortical manifestations of (Clifford Allen), 35
Cerebrospinal fluid, eosinophilia in (A. Mari), 66
Cerebrospinal fluid, flocculation tests in, some new (A. Haur S. Paterson and Francis L. McLaughlin), 239
Cerebrospinal fluid in mental illnesses, disintegration of nervous tissue into the (O. Meco), 178
Cerebrospinal fluid, Müller's reaction in (N. Sacchetti), 146
Cerebrospinal fluid, neurolysis in (O. Meco), 66
Cerebrospinal fluid, penetration of alcohol injected intravenously into (H. G. Mehtrens and H. W. Newman), 266
Cerebrospinal fluid sugar in uncomplicated and untreated neurosyphilis (Purcell G. Schube and Robert C. Lewis), 263
Cerebrospinal syphilis. See Syphilis
Ceroni, L.: Sulphur pyretherapy in mental diseases, 83
Chemistry, body, and personality, relationships between (Gilbert J. Itch), 132
Children of schizophrenic parents (Edna M. Lampson), 77
Cholesterol, blood, in mental disease: Schizophrenia (Purcell G. Schube), 173
Cholesterol: its relation to mental disorder (A. Glen Duncan), 373
Chorea, Huntington's, transmission of for 300 years: The Burés family group, 166
Circulation, cerebral, abrupt slowing of the (T. G. Inman), 157
Circulatory disturbances, functional, and epilepsy (W. Spielmeyer), 359
Clark, L. Pierce: What is the psychology of organic epilepsy? 168—The Nature and Treatment of Amnesia, review, 282
Clark, R. M.: The mongol: a new explanation, 176
Climacterium, mental reactions at the (G. R. Jameison and James H. Wall), 77
Coffin, S.: 'Alcoholic polyneuritis': dietary deficiency as a factor in its production, 162
Coghill, G. E.: The biologic basis of conflict in behaviour, 168
Consciousness and emotion, localization of (Leland B. Alford), 71
Constantinesco, S.: Syndrome of the infundibulum and tuber cinereum with mental disturbances due to suprasellar tumour, 153
Convulsions, epileptic (C. Poll), 67
Convulsive seizures, experimental (B. Worts), 263
Convulsive state, modern ideas on the (M. Osaka), 152
Convulsive states, an intravenous pharmacodynamic study of the autonomic nervous system in the cryptogenic group of (J. Notkin), 264
Coppez, H.: The late commotional syndrome of closed cranial wounds, 157
Corpus callosum and its relation to intelligence (W. Ross Ashby and R. M. Stewart), 217
Cortin therapy, improvement in nervous and mental states under (F. A. Hartman, G. M. Beck, and G. W. Thorn), 365
Costeopteral reflex (G. G. Noto), 164, 272
Cranial wounds, the late commotional syndrome of (F. Bremer, H. Hiequet, H. Coppez, and P. Martin), 157
Criminal in schizophrenic types (James Hunter Murdoch), 169
Chomn, Herbert J.: Analysis of the neuroses of identical twins, 273
Crowding' of inhibition and excitation (Max Levin), 345
Curschmann, H.: Influence of the sympathetic nervous system on Erb's progressive muscular dystrophy, 358
Cushing, Harvey: Pituitary Body, Hypothy- amis, and Parasympathetic Nervous System, review, 186—Intracranial Tumours, review, 377
Cysticercosis as a cause of epilepsy in man (W. P. MacArthur), 69
Cysticercosis of the neuraxis, biological diagnosis of (C. Rizzo), 158

D
Dandy, Walter E.: Benign Tumours of the Third Ventricule of the Brain, review, 378
David, M.: Hallucinations associated with meningiomas of the small wing of the sphenoid, 155
Davis, D. B.: Relation of jugular foramina to epileptic seizures and hydrocephalus, 361—Thrombosis of a superior cerebral vein, 362
Electroencephalography, physiology of (C. A. Neymann and S. L. Osborn), 363

ELLERMANN, M. : The reflex of Rossolimo, 165—

Bulbocapnine catalepsy in man, 173

ELLIOTT, ANNIE R. : Eencephalographic studies in schizophrenia, 78

EMERSON, HAVEN: Alcohol and Man, review, 89

Emotion and consciousness, localization of (Leland B. Alfred), 71

Emotional instability, dreams in relation to (F. K. Berrien), 273

Emotions, pleasure and pain and the (M. S. Kruger), 167

Encephalitis, chronic, effect of ephedrine on blood-sugar mobilization in (I. Finkelman), 262

Encephalitis, epidemic, chronic, initial stages of the Parkinsonian forms in (K. H. Krabbe), 160

Encephalographic studies in schizophrenia (Matthew T. Moore, David Nathan, Annie R. Elliott, and Charles Laubach), 78

Encephalomyelopathy, experimental toxic (A. Ferraro), 149

Eosinophilia in the cerebrospinal fluid, pathogenesis and diagnostic value of (A. Mari), 66

Ephedrine, effect on blood-sugar mobilization in chronic encephalitis (I. Finkelman), 262

Epilepsy, air injections in spinal canal in, therapeutic results of (R. Friedmann and T. Scheinker), 362

Epilepsy and functional circulatory disturbances (W. Spilmaner), 359

Epilepsy, borate treatment of (Th. Bovet), 70

Epilepsy, hysteroid as a cause of (W. P. MacArthur), 69

Epilepsy, genuine, clinical and anatomical contributions to the problem of (L. v. Meduna), 152

Epilepsy, idiopathic, factor of hypoglycaemia in the etiology of (H. L. Haviland Minchin), 369

Epilepsy, ketogenic diet in (S. M. Allen), 363

Epilepsy, organic, what is the psychology of? (L. Pierce Clark), 168

Epilepsy, studies in (F. L. McLaughlin), 359

Epileptic convulsions, value of the oscillation of acid-base equilibrium for determining the occurrence of (J. Poli), 67

Epileptic manifestations, cerebral localization of (W. Penfield and L. Gage), 270

Epileptic seizures, relation of jugular foramina to (D. B. Davis), 361

Epileptics, schizophrenia in (J. Wyrsch), 78

Epileptic syndrome, chemical studies in the (H. Hopkins), 152

Erb's progressive muscular dystrophy, influence of the sympathetic nervous system in the etiology of (H. Carscmann), 358

Erethizophobia and kolyphrenia (J. Ramsay Hunt), 72

ERIKSON, MILTON H. : Investigation of a specific amnesia, 179

EWEN, JOHN H. : Sleep and its relationship to schizophrenia, 247—A Handbook of Psychiatry, review, 382

Excitation and inhibition, 'crowding' of (Max Levin), 345
called meningitic signs of Kernig, of Brudzinski, and of hyperalgesic reflexes, 162—On the interruption of the catatonic syndrome, 180

H

Hemangioblastoma of the retina and cerebellum with a note on Lindau's disease (H. R. Viets), 155

Hemangiomata cavernous of thalamus and midbrain (Henry), 155

Hematomyoma, chronic subdural (P. Van Gehuchten and P. Martin), 159

Hematomyoma, subdural (E. Scott White and R. G. Gordon), 252

Hemorrhage, cerebral, and thrombosis, the spinal fluid and its pressure in (K. H. Krabbe and E. Gert-Jorgensen), 158

Hemorrhage, meningea, 354

Hemorrhage, subarachnoid, and its relation to aneurysm (A. Riemond and J. W. ter Brak), 158

HALL, GEORGE W. (and THOMAS L. STENFRESS): Papilloma choroidium with diffuse central nervous system metastases, 108

Hallucinations associated with meningoceles of the small vessels of the sphenoid (M. David and P. Puech), 155

Hallucinations in the manic-depressive psychoses, statistical study of (Karl M. Bowman and Alice F. Raymond), 78

Meduna, L. v.: Clinical and anatomical contribu-
tions to the problem of genuine epilepsy, 152
Merrill, A. M.: Action of barbituric acid com-
ounds: A contribution to the prolonged narcosis treatment of mental symptoms, 181
Mental defect (S. A. Kninzer Wilson), 193
Mehrtens, H. G.: Alcohol injected intraven-
ously: Its penetration into the cerebrospinal fluid in man, 266
Melanocholia and psychogenic depression (Paul Schilder), 173
Meningeal hemorrhage, 354
Meningioma, malignant, in the left pretemporal region with a ‘reactive glioma’ (S. Gullotta), 153
Meningiomas of the small wing of the sphenoid associated with hallucinations (M. David and P. Puech), 153
Meningeal signs [so-called] of Kernig, of Brud-
zinski, and of hyperalgesic reflexes (S. Gullotta), 182
Meningitis, melitococcal, followed by chronic adhesive spinal pachymeningitis and leptome-
ingenitis (G. G. Notò), 161
Menstruation, relation of to personality disorders
(Edward B. Allen and George W. Henry), 371
Mental analysis of cases of psychosis, experiments in reinforcing (Clifford Allen), 180, 375
Mental defect, inheritance of (R. Ruggles Gates), 470
Mental defective, the brain of the. II: The corpus callosum in its relation to intelligence
(R. M. Stewart and W. Ross Ashby), 217
Mental defective: The human-figure drawings of (C. J. C. Earl), 177
Mental deficiency in relation to neurology and psychology, 257
Mental deficiency, the thyroid gland in (J. L. Newman), 174
Mental diseases, blood cholesterol studies in:
Schizophrenia (Purcell G. Schube), 173
Mental Diseases (Catechism Series): Second edition, review, 191
Mental diseases, experimental toxic approach to
(A. Ferraro and J. E. Kilman), 178
Mental diseases, sulphur pyrethropyre in (L. Ceroni), 53
Mental diseases, types of, relation of the types of
psychosis to (Katherine J. Campbell), 79
Mental disorder and cholesterol, relation of (A. 
Glen Duncan), 373
Mental disorders in pernicious anemia (D. 
Francke), 369
Mental function and cerebral structure (R. J. 
Herry and R. M. Norman), 289
Mental illnesses, disintegration of nervous tissue
into the cerebrospinal fluid in (O. Meco), 178
Mental phenomena observed in brain tumour
(Edward W. Henry), 82
Mental reactions at the climacterium (G. R. 
Jameson and James H. Wall), 77
Mental states in pyrhythmia (F. A. 
Hartman, G. M. Beck, and G. W. Thorn), 365
Mental symptoms, prolonged narcosis treatment of
(A. M. Meerloo), 181
Meralgia paraesthetica, special form of—nopathia paraesthetica (M. Astwazaturov), 351
Meriman, Willis E.: Psychoses in identical twins, 274
