LONDON: BRITISH MEDICAL ASSOCIATION HOUSE,
TAVISTOCK SQUARE, W.C.1.

Published Quarterly. Subscription 30/- per annum. Single Numbers 8/6 net. Post Free
EDITORIAL NOTICES

THE EDITORIAL COMMITTEE will welcome original articles for publication in the JOURNAL. They should be addressed to The British Medical Association, B.M.A. House, Tavistock Square, London, W.C.1 (Neurology) : Dr. Bernard Hart, 94 Harley Street, London, W.1 (Psychopathology) : or to any other member of the Editorial Committee. The Copyright of papers appearing becomes the property of the JOURNAL unless the authors state before publication that they reserve the rights to themselves. They also invite correspondence, criticisms, and suggestions from readers, which may aid in the development of the JOURNAL.

Contributions should be as concise as possible, and be forwarded at least six weeks before the date of publication. Papers are best type-written, and carefully revised, since alterations in type are costly. References should be made in the following order:—year—volume—page—and be inserted in brackets in the text where they occur, thus: (B.M.T. Med. Jour., 1912, ii, 579), or given in order at the end of the paper. Where practicable, articles should conclude with a short summary of their contents.

Illustrations.—These, whether plain or coloured drawings, or photographs, should be rendered as perfectly as possible. The Publishers undertake the preparation of the blocks, but not of the originals.

Reprints.—Owing to the present abnormal costs of production, free reprints of articles cannot be given until further notice. If desired they may be obtained by payment, but notice must be given when the proof is returned.

Subscriptions.—-80/- net, post free; single numbers, 8/6 net.

Business Communications and applications for Advertisement Space should be addressed:—

THE FINANCIAL SECRETARY AND BUSINESS MANAGER,
British Medical Association,

NATIONAL HOSPITAL
QUEEN SQUARE, LONDON, W.C.1

THIS HOSPITAL is a School of Medicine and has been recognised by the Conjoint Board for England as a place where part of the fifth year may be devoted to clinical work.

The following arrangements have been made for the practical study of Diseases of the Nervous System by Students and Practitioners.

THE OUT-PATIENT PRACTICE is open from 2 o'clock every day (except Saturday).

Clinical Assistants are appointed to the Physicians for Out-Patients for six months.

THE IN-PATIENT PRACTICE is open at 10 o'clock.

Clinical Clerks are appointed to each Physician for three months and fifth-year Students are eligible who have filled the post of Clinical Clerks at a General Hospital. They are required to pay the Fees, which are: three months, £5 6s.; and six months, £7 7s.

A fee of £2 2s. for three months is charged for attending the Out-Patient Department only.

Surgical Operations are performed by the Surgeons at 9 a.m. on Tuesdays, Thursdays and Fridays.

Two Post-Graduate Courses are given yearly—in AUTUMN AND WINTER TERMS.

For these a special fee is charged.

All communications should be made by letter only, addressed to the Secretary, at the Hospital, from whom forms of application for the Hospital appointments may be obtained, and to whom all Fees are payable.

J. G. Greenfield, Dean of the Medical School.

EPILEPSY

BROMIDE "First place must be assigned to Bromide: despite later novelties, the sterling properties of the drug can never be forgotten.

GELINEAU DRAGEES Brand

(Pot. Brom.; Antim, Arsen; Picrotoxin)

There are many preparations on the market whose staple ingredient is simply one or other salt of Bromide. Of such remedies the dragees of Gelineau have in my experience seemed the best."

In tins of 50 and 150. You are invited to write for a free trial tin to WILCOX, JOZEAU & Co. Ltd.

NORTH CIRCULAR ROAD, CRICKLEWOOD,
