INDEX TO VOLUME VI.

BABINSKI phenomenon, inversion of, 215
BARIL, A., and SÉZARY, A. Biological reactions in cerebrospinal fluid and blood of untreated general paralytics, 306
BARKAS, MARY B. A note on the significance of the vegetative nervous system in tabes dorsalis, 126
BARR, E. S., and others. Aseptic meningitis in the treatment of dementia precox, 173
BARRY, R. G., and others. Aseptic meningitis in the treatment of dementia precox, 173
BARTLETT, F. C., and MYERS, C. S. A textbook of experimental psychology, Part II., Laboratory exercises (review), 264
Basal ganglia, and the mesencephalic region (review), 344
— metabolism in mental disease, 316
BECK, H. G. The hallucinations of myxœdema, 229
BEDEER and MANKOWSKI. Inversion of the Babinski phenomenon, 215
Behaviour disorders in children, 336
BELLOSI, G. B. Contribution to the study of tabo-paresis in relation to cerebrospinal syphilis, 308
— Studies on striated muscle tone, 207
BENEDEK, T. Notes from the analysis of a case of cretaphobia, 338
BENOTT, PADES, and PÉLÉSSIER. Mucin degeneration of the neuroglia, 310
BENSON, R. True and relapsing melancholia, 324
Benzoin curve, colloidial, in the cerebrospinal fluid, 27
— tests on cerebrospinal fluid, comparison with gold chloride and mastic tests, 215
BERKELEY-HILL, O. A. R. The 'colour question' from a psychoanalytic standpoint, 165
BERMAN, L. The personal equation (review), 263
BERNIS and SPIEGEL. The centres of static innervation and the influence of the cerebellum and cerebrum upon them, 303
BERTRAND, I., GUILLAIN, G., and ALAJOUANINE, T. A case of chronic bulbar palsy with lesions confined to the nuclei, 142
BEVERLY, B. M., and COBB, S. A. Experimental insanity, 69
— The statistical treatment of the fifty cases of mental disease (review), 88
— the instincts in the mental constitution of man, 229
BIELESCHOWSKY, M., and COBB, S. A method for intra-vital staining with silver-ammonium oxide solution, 214
BIRD, J. T., and PRICE, G. E. Adiposis dolorosa, 228
— Birth, trauma of, importance for psychoanalytic therapy, 175
BISMUTH, Wassermann-fast syphilis treated with, 316
Blastomycoisis, systematic, primary meningeal form of, 134
BLINDNESS, cortical, case of bilateral, 42
Blood in personality disorders, 70
Blood-sugar curve, types found in different forms of insanity, 69
— studies in experimental pituitary and hypothalamic lesions, 52
— in mental disorder, 237
Blood-vessels, nerve supply to, 50
BÖHMIG, W. Statistical remarks on the clinical symptoms of disseminated sclerosis, 311
BOGAERT, L. V. The mental symptoms of amyotrophic lateral sclerosis, 292
BOND, E. D., and PARTRIDGE, G. E. Interpretations of manic-depressive phases, 158
Borderland patient, the, 301

VOl. VI.—No. 24.
INDEX

BORNSTEIN, W., AND GOLDSTEIN, K. Pseudostates movements and vivid attitudes in striatal diseases, 140
BOSTROM. Cerebral tumours, 147
BOUSFIELD, P. Alcoholism, 340
— Pleasure and pain (review), 345
— Sex and civilization (review), 53
BOWERS, P. E. Manual of psychiatry (review), 80
BOWMAN, J. T., AND MACKLIN, M. T. Inherit-
ance of peroneal atrophy, 315
BOWMAN, K. M., AND FRY, C. C. Basal meta-
bolism in mental disease, 216
Bradykinetic syndrome, Parkinsonian states
and (review), 263
Brain, colloid degeneration of, 213
— sarcomatosis of, 310
— surgery of, further points in the physiology
of, 35
— tumour of, ventricular fluids in 102 cases of, 53
— invading cerebral hemispheres, 313
— psychic manifestations in, 159
— (see also under Cerebral; Temporal lobe.)
Breschel in its possible relations to injury of the spinal cord, 314
BRIDGES, K. M. B. Some observations on con-
trariness' or negativism, 242
BRIESE, M. P. C. On the spinolocalization of the motor function of the leg and foot in man, 208
BRULS, A. A. Schizoid and syntonic factors in
nerves and psychoses, 156
BROUWER, B., AND ZEEMAN, W. P. C. Experi-
nential and anatomical investigations concern-
ing the projection of the retina on the primary optic centres in, 151
BROWN, W. Religions and psychology, 151
BRUSA, P. On some signs of spinal automatism
in the upper limbs of the newly born, 216
Bulbar paralysis, some case of, 142
Bulbocapnine, action on paralysis agitans, 146
— further experience in nervous cases, 146
BUNKER, H. A. The height and duration of fever in relation to the clinical outcome in the
treatment of general paresis with malaria, 61
BURT, C. The definition and diagnosis of moral
imbidity (II.), 332
Byron, Lord, psychopathological glimpses of, 240
CAMPBELL, C. M. A present-day conception
of mental disorder (review), 88
— Problems of the personality of school children
and the responsibility of the community for
dealing with them, 73
Capital punishment, some aspects of, 171
Carbon monoxide poisoning, unusual cortical
changes in, 54
CARROLL, K. S., EVERETT, S. B., BARRY, R. G.,
AND MATZKE, D. Aseptic meningitis in the
infant, 241
CASSITY, J. H. Psychopathological glimpses of
Lord Byron, 240
Castigation and sterilization methods for mental
defectives in Switzerland, 254
Catatonia, as sequel to organic affections of basal
ganglia, 167
Cauda equina, cystic formation in, 143
Caudate nucleus, study of the functions of
(review), 260
Cavernoma cerebri, case of, 138
Cerebellum, pathology of, in general paralysis
of, 331
Cerebral artery, anterior, syndromes of, 221
— cortex, alcohol injection in Jacksonian
epilepsy, 227
— epiphysis, teratoma of, 229
— pneumography, 56
— tumours, 147
— vascularity, 53
— attitude of head in, 138
— position of head in, 58
— (see also Cavernoma cerebri.)
Cerebrospinal fluid, cholesterol content in certain
mental diseases, 329
Cerebrospinal fluid, colloidal benzoin curve in,
27
— gold reaction of, 214
— comparison of gold chloride, benzoin and
mastic tests on, 215
— effect of organic brain and spinal cord,
degeneration on, 214
— in clinical diagnosis (review), 177
— in encephalitis lethargica, 305
— of untreated general paralytics, biological
reactions in, 306
— pressure from the clinical point of view,
224
CHADWICK, M. A case of kleptomania in a girl
of ten years, 243
Character and physique (review), 78
CHESNER, ELIZABETH S. Health and psychology
of the child (review), 79
Children, behaviour disorders in, 336
— epileptic, response to mental and educational
tests, 166
— facial paralysis in, several cases of, 136
— health and psychology of (review), 79
— well-sifted, signs of brain weakness in, 239
— wishes of, significance of, 153
— (see also School children.)
Cholesterinemia in the insane, 239
Cholesterol, content of cerebrospinal fluid in
certain mental diseases, 329
Chorea, Huntington's, social significance of, 59
Chord atom movements, acute posthemiplegic,
139
Choroid plexus, effect of organic brain and spinal
cord degeneration on, 214
— — papillomata of, 54
CHRISTIANSEN, AND, others. Reports and com-
munications upon migraine, 222
CLARIA, E. Psychoses associated with proto-
bacillus, 173
COLE, F. A., DELGADO, H. F., AND ALMENARA, G.
A case of flariasis associated with manic-
derpressive insanity, 66
Circulation, arterial, of cerebellar cortex, 205
Cisterna magna, puncture of, 223
Civilization, sex and (review), 53
CLAUD, H., AND MONTASSUT, M. Ideo-affective
compensation, 241
— and ROBIN, G. The diagnosis between
dementia paroxox and schizophrenia; a new
means of investigation by etherization, 156
COBB, G. The fecal acidity in the insane
epileptic, 330
COBB, S. On the application of micrometry to
the study of the area strata, 205
— and DBIESCHOWSKY, M. A method of intra-
venous staining with silver-ammonium-oxide
solution, 214
Cocaine, addiction in, 102
COCKSHULL, J. R. Comparison of gold chloride,
benzoin and mastic tests on cerebrospinal
fluid, 215
College men, mental examination of, 163
Colloidal degeneration of the brain, 213
Colloidal benzoin curve in the cerebrospinal
fluid, 27
Colour question, from a psychoanalytic stand-
point, 165
— vision, study of (review), 86
Compensation as means of discounting motive
of repression, 250
Complex and myth in mother-right, 65
Confusional states simulating dementia paroxox,
157
— Contrariness,' observations on, 242
COOKSON, T., AND FLEMMING, I. W. T. H. A
case of multiple neurofibromata associated
with a true angioneurofibroma of the
acoustic nerve, Jacksonian epilepsy and
osteoporosis, 104
CORI, I. H. The character traits of urethral
erosion, 169
Corpus striatum, changes resulting from senility,
307
— connections with other parts of brain, 206
— of substantia nigra with, 206
— status marmosatus of, 209
Cortex, cerebellar, arterial circulation of, 205
— cerebral, connections of substantia nigra with, 206
— localization of cutaneous sensibility in, 138
Cortical blindness, case of bilateral, 42
— change in case of carbon monoxide poisoning, 92
COTTRELL, S. S., and GOODHART, S. P. Residua and sequela of epidemic encephalitis, 254
Cotter, transfer in psychoanalysis, 172
Cranial injuries, psychology of suffers from, 235
Cremasteric reflex, relation to the abdominal reflex, 57
Crime, dementia precox and, 66
— drug addiction in relation to, 72
CRUICKSHANK, F. G. The psychological interest in general medical practice, 153
CRUSE, E. DOROTHY. Dementia precox and crime, 66
CRUZET, R., and VERGER, H. Parkinsonian states and the bradykinetic syndrome (review), 265
Crystal-gazing, automatic writing combined with, 231
CUBRICH, H., and CORN, F. Narcolepsy, 161
CUSHING, H., and DAVIS, L. E. Papillomas of the choroid plexus, 54
Cutaneous sensibility, localization in cortex, 138

DAMAYE, H. Studies in social psychiatry (review), 83
DARLING, IRA D. General paralysis of the insane during senescence, 166
DAVIS, J. L., KANAVEL, A. B., and POLLOCK, L. J. Relation of the sympathetic nervous system to muscle tone, 49
DAVIS, E. M. Decerebrate rigidity in man, 59
— and CUSHING, H. Papillomas of the choroid plexus, 54
DAYTON, N. A. Syphilis in the etiology of mental deficiency, 249
Decerebrate rigidity in man, 59
Decussation of, 267
DELMER, G., and WORMS, G. Complete destruction of the pituitary by a growing arising in the nasopharynx without the so-called pituitary syndrome, 228
DELGADO, H. R., ALMENARA, G., and CIOTOLA, E. A case of filariasis associated with manic-depressive insanity, 66
Delinquency, 247
Development mental defectives, 71
DELMAS-MAECEP, P. Experimental contribution to the study of the functions of the cerebral nucleus (review), 260
Delusion, significance of, 337
Dementia, affective, and autisms, 155
— psychosis, and crime, 66
— as a type of hereditary degeneration, 157
— asceptic meningitis in treatment of, 173
— confusional states simulating, 157
— diagnosis from schizophrenia, 156
— primary, circulation of the hands in, 326
— seque, relation to Alzheimer’s disease, 320
DESQUES, Y. Contribution to the study of tuberous sclerosis, 212
DEUTSCH, H. The psychology of women in relation to the function of reproduction, 320
Diabetes insipidus as sequel to epidemic encephalitis, 181
Diagnosis, neurological (review), 89
DIAMOND, I. B., and HASAN, G. B. Trichinosis encephalitis, 308
DILLON, F. Methods of psychotherapy, 73
DIVINE. Some observations relative to the feeling of reality, 329
DOWMAN, C. E. Alcohol injection of brain cortex in Jacksonian epilepsy, 227
DOZV, J. The treatment of 130 cases of different mental diseases by the method of artificial sleep, 173
DRAGNESECO, MARINESCO, and STOICESCO. A special variety of familial spastic paraplegia characterized by paroxysmal attacks of hypertonia, etc., 219
Drug addiction in its relation to crime, 72
— addicts, types and characteristics of, 162
DROPT, K. K. Some observations on the types of blood-pH curve found in different forms of insanity, 69
DUBREUILL and NAYRAC. On Alzheimer’s disease in its relation to senile dementia, 330
Ductless glands, diseases of, 265
DYARK, E. G., LEWIS, N. D. C., and HUBBARD, L. D. The narial treatment of parotic neurosyphilis, 61
Dystrophy myosclerótica, 143

EAST, W. N. The interpretation of some sexual offences, 246
EBALGH, F. G. Puncture of the cisterna magna, 223
EDEBERG, H., and GALANT, S. Psychoses following induced abortion, 158
Education, medical (review), 176
— purpose of (review), 86
ELEKES and URECHI. Colloid degeneration of the brain, 213
Emotion, psychology of (review), 180
Emotions, morality and the brain (review), 86
Encephalitis mental disturbances in a child, 325
Encephalitis, epidemic, diabetes insipidus as sequel to, 181
— medico-legal and sociological aspects of, 326
— peculiar monosymptomatic variety of, 139
— residual and sequel of, 234
— lethargica, cerebrospinal fluid in, 305
— psychological implications of, 234
Encephalo-leucopathia scleroticans progressiva, 312
Endocrine glands, diseases of (review), 265
Epilepsy as a symptom of disseminated sclerosis, 91
— Jacksonian, associated with multiple neuro-shrornata, 104
— behaviour of plantar reflex in, 56
— or hysteria, 236
— striate, infantile torsion spasm beginning with attacks of, 218
— study of 50 cases, 166
Epileptic children, response to mental and educational tests, 166
Eremaphobia, case of, 358
Erotism, oral, 339
— influence on character formation, 245
Etherization, new means of diagnosis between dementia precox and schizophrenia, 156
Experimental organic processes, negative histological findings in, 133
Extrapyramidal disease, action of physostigmin on, 310
Extremities, cutaneous and nervous affection of, pathogenesis of, 314
Eye, oculan spasm, 140.

FACIAL paralysis in children, several cases of 136
Fecal acidity in the insane epileptic, 330
FAIRWEATHER, ANNE, and SMITH, M. H. The case of Richard Loeb and Nathan Leopold, 71
Familial neurosyphilis, 230
FARROW, E. P. Method of self-analysis, 341
— A psychoanalytical method of getting to sleep, 123
FARROW, W. P. Experiences with two psychoanalysts, 75
FAY, T. The cerebral vasculature, 53
FAZARI, I. The arterial circulation of the cerebellar cortex—a comparative study, 205
Fears, morbid, besetting and other, 328
FERECZI, S. Psychoanalysis of sexual habits, 342
— and HOLLO, S. Psychoanalysis and the psychic disorder of general paresis (review), 67, 164, 261
— and HANK, O. The development of psychoanalysis (review), 261
