<tr>
<td>Aring, C. D., and Spies, T. D.</td>
<td>Vitamin B deficiency and nervous disease. (Critical review.)</td>
<td>335</td>
</tr>
<tr>
<td>Bender, M. B., and Fulton, J. F.</td>
<td>Factors in functional recovery following section of the oculomotor nerve in monkeys.</td>
<td>285</td>
</tr>
<tr>
<td>Bogaert, L. van</td>
<td>Heredo-familial tendinous areflexia without pupillary changes.</td>
<td>193</td>
</tr>
<tr>
<td>Bolton, B.</td>
<td>The blood supply in the human spinal cord.</td>
<td>137</td>
</tr>
<tr>
<td>Curran, F. J.</td>
<td>Compulsive features in a patient with Leber's disease.</td>
<td>1</td>
</tr>
<tr>
<td>Flind, J., McMenemy, W. H., Worster-Drought, C., and Williams, H. G.</td>
<td>Familial presenile dementia.</td>
<td>293</td>
</tr>
<tr>
<td>Fog, M., and Lunn, V.</td>
<td>The reaction of the pial arteries to some cholin-like and adrenalin-like substances.</td>
<td>223</td>
</tr>
<tr>
<td>Fraser, R., and Reitman, F.</td>
<td>A clinical study of short periods of severe anoxia with special reference to the mechanism of action of cardiazol &quot;shock.&quot;</td>
<td>125</td>
</tr>
<tr>
<td>Fulton, J. F., and Bender, M.</td>
<td>Factors in functional recovery following section of the oculomotor nerve in monkeys.</td>
<td>285</td>
</tr>
<tr>
<td>Gillespie, R. D.</td>
<td>Narcosis therapy. (Critical review.)</td>
<td>45</td>
</tr>
<tr>
<td>Griffiths, G. M.</td>
<td>Some aspects of the structure of the hypothalamus. (Critical review.)</td>
<td>154</td>
</tr>
<tr>
<td>Guttmann, E., Maclay, W. S., and Stokes, A. B.</td>
<td>Persistent Mirror-movements as a heredo-familial disorder.</td>
<td>13</td>
</tr>
<tr>
<td>Guttmann, E., Mayer-Gross, W., and Slater, E. T. O.</td>
<td>Short-distance prognosis of schizophrenia.</td>
<td>25</td>
</tr>
<tr>
<td>Harpmann, A., and Woollard, H. H.</td>
<td>The cortical projection of the medial geniculatate body.</td>
<td>35</td>
</tr>
<tr>
<td>Hawkes, C. D., and Richter, C. P.</td>
<td>Increased spontaneous activity and food intake produced in rats by removal of the frontal poles of the brain.</td>
<td>231</td>
</tr>
<tr>
<td>Innes, J. R. M.</td>
<td>Swayback: A demyelinating disease of lambs with affinities to Schilder's encephalititis and its prevention by copper.</td>
<td>323</td>
</tr>
<tr>
<td>Keller, W. K., Doupe, J., and Miller, W. R.</td>
<td>Vasomotor reactions in the hypnotic state.</td>
<td>97</td>
</tr>
<tr>
<td>Kennedy, A.</td>
<td>The effect of cardiazol convulsions on the so-called &quot;bulbo-capnine catatonia&quot; in the monkey.</td>
<td>115</td>
</tr>
<tr>
<td>Lidz, T.</td>
<td>A study of the effect of right frontal lobectomy on intelligence and temperament.</td>
<td>211</td>
</tr>
<tr>
<td>Lunn, V., and Fog., M.</td>
<td>The reaction of the pial arteries to some cholin-like and adrenalin-like substances.</td>

INDEX OF AUTHORS AND SUBJECTS

M

R
Robertson, W. M. F., and Wilson, T. M.: The effect of fructose ingestion on blood fructose in psychotic patients. 203.
Rudolf, G. de M.: The arm reflexes. 7.

S
Stewart-Wallace, A. M.: An unusual case of the grasp reflex, with some observations on the volitional and reflex components. 149.

W
Wall, C., and Rubin, M. A.: Brain potential changes in man induced by metrazol. 107.
Wilson, T. M., and Robertson, W. M. F.: The effect of fructose ingestion on blood fructose in psychotic patients. 203.

SUBJECTS

A
Adrenalin-like and cholin-like substances, the reaction of the pial arteries to some. V. Lunn and M. Fog. 223.
Areflexia, heredo-familial tendinous, without pupillary changes. L. van Bogaert. 193.
Arhinencephaly. R. M. Stewart. 303.
Arm reflexes, the. G. de M. Rudolf. 7.
Aspects of the structure of the hypothalamus, some. (Critical review.) G. M. Griffiths. 154.

B
Blood fructose in psychotic patients, the effect of fructose ingestion on. W. M. F. Robertson and T. M. Wilson. 203.
Blood supply of the human spinal cord, the. B. Bolton. 137.
Book reviews. 94, 182, 280, 378.
Brain potential changes in man induced by metrazol. M. A. Rubin and C. Wall. 107.
"Bulbar-canine catatonia" in the monkey, the effect of cardiazol convulsions on the so-called. A. Kennedy. 115.
INDEX OF AUTHORS AND SUBJECTS  383

C
Cardiazol convulsions, the effect of, on the so-called “bulbo-capnine catatonia” in the monkey.  A. Kennedy.  115.
Catatonia, somatic research in periodic.  (Critical review.)  A. B. Stokes.  243.
Cholin-like and adrenalin-like substances, the reaction of the pial arteries to some.  V. Lunn and M. Fog.  223.
Convulsions, the effect of cardiazol, on the so-called “bulbo-capnine catatonia” in the monkey.  A. Kennedy.  115.
Copper, swayback: a demyelinating disease of lambs with affinities to Schilder’s encephalitis and its prevention by.  J. R. M. Innes.  323.
Cortical projection of the medial geniculate body, the.  H. H. Woollard and A. Harpm.  35.

D
Deficiency, vitamin B., and nervous disease.  (Critical review.)  C. D. Aring and T. D. Spies.  335.
Demyelinating disease of lambs, swayback, with affinities to Schilder’s encephalitis and its prevention by copper.  J. R. M. Innes.  323.
Disease of lambs, demyelinating, swayback, with affinities to Schilder’s encephalitis and its prevention by copper.  J. R. M. Innes.  323.

E
Effect of cardiazol convulsions on the so-called “bulbo-capnine catatonia” in the monkey, the.  A. Kennedy.  115.
Effect of right frontal lobectomy, a study of the, on intelligence and temperament.  T. Lidz.  211.
Encephalitis and its prevention by copper, swayback: a demyelinating disease of lambs with affinities to Schilder’s.  J. R. M. Innes.  323.
Epitome of current journals.  68, 165, 259, 361.

F
Factors in functional recovery following section of the oculomotor nerve in monkeys.  M. B. Bender and J. F. Fulton.  285.
Frontal lobectomy, a study of the effect of right, on intelligence and temperament.  T. Lidz.  211.
Fructose ingestion, the effect of, on blood fructose in psychotic patients.  W. M. F. Robertson and T. M. Wilson.  203.
Functional recovery, factors in, following section of the oculomotor nerve in monkeys.  M. B. Bender and J. F. Fulton.  285.
Grasp reflex, an unusual case of the, with some observations on the volitional and reflex components.  A. M. Stewart-Wallace.  149.

G
Heredo-familial tendinous areflexia without pupillary changes.  L. van Bogaert.  193.
Hypothalamus, some aspects of the structure of the.  (Critical review.)  G. M. Griffiths.  154.

Intelligence and temperament, a study of the effect of right frontal lobectomy on. T. Lidz. 211.

International Neurological Congress, notice of. 66.

Lambs, a demyelinating disease of, with affinities to Schilder's encephalitis and its prevention by copper. J. R. M. Innes. 323.

Lobectomy, a study of the effect of right frontal, on intelligence and temperament. T. Lidz. 211.

Medial geniculate body, the cortical projection of the. H. H. Woolard and A. Harpman. 35.

Metrazol, brain potential changes in man induced by. M. A. Rubin and C. Wall. 107.

Narcosis therapy. (Critical review.) R. D. Gillespie. 45.

Periodic catatonia, somatic research in. (Critical review.) A. B. Stokes. 243.

Pial arteries, the reaction of the, to some cholin-like and adrenalin-like substances. V. Lunn and M. Fog. 223.

Potential brain changes in man induced by metrazol. M. A. Rubin and C. Wall. 107.

Psychotic patients, the effect of fructose ingestion on blood fructose in. W. M. F. Robertson and T. M. Wilson. 203.

Pupillary changes, heredo-familial tendinous areflexia without. L. van Bogaert. 193.

Reaction of the pial arteries to some cholin-like and adrenalin-like substances. V. Lunn and M. Fog. 223.

Reflex, an unusual case of the grasp, with some observations on the volitional and reflex components. A. M. Stewart-Wallace. 149.

Reflexes, the arm. G. de M. Rudolf. 7.

Schilder's encephalitis, swayback, a demyelinating disease of lambs with affinities to, and its prevention by copper. J. R. M. Innes. 323.

Section of the oculomotor nerve in monkeys, factors in functional recovery following. M. B. Bender and J. F. Fulton. 285.

INDEX OF AUTHORS AND SUBJECTS

Somatic research in periodic catatonia. (Critical review.) A. B. Stokes. 243.
Some aspects of the structure of the hypothalamus. (Critical review.) G. M. Griffiths. 154.
Spinal cord, the blood supply of the human. B. Bolton. 137.
Structure of the hypothalamus, some aspects of the. (Critical review.) G. M. Griffiths. 154.
Study of the effect of right frontal lobectomy on intelligence and temperament, a. T. Lidz. 211.

T
Temperament, a study of the effect of right frontal lobectomy on intelligence and. T. Lidz. 211.
Tendinous areflexia, heredo-familial, without pupillary changes. L. van Bogaert. 193.
Therapy, narcosis. (Critical review.) R. D. Gillespie. 45.

U
Unusual case of the grasp reflex, with some observations on the volitional and reflex components, an. A. M. Stewart-Wallace. 149.

V
Vitamin B deficiency and nervous disease. (Critical review.) C. D. Aring and T. D. Spies. 335.
Volitional and reflex components, an unusual case of the grasp reflex, with some observations on the. A. M. Stewart-Wallace. 149.
