

# JOURNAL OF NEUROLOGY NEUROSURGERY AND PSYCHIATRY

RECEIVED  
AUG 8 1970  
National Library  
of Medicine

Early recognition of heterozygotes for the gene for dystrophia myotonica SARAH BUNDEY, C. O. CARTER, and J. F. SOOTHILL .....page 279

Calcium uptake and bioelectrical activity of denervated and myotonic muscle H. RADU, I. GÖDRI, E. ALBU, A. RADU, and R. ROBU ...page 294

Biochemical studies in Nevin-Jones syndrome K. VALMIKINATHAN and J. N. CUMINGS ...page 299

Spontaneous arteriovenous malformations in the cervical area J. GREENBERG .....page 303

The role of diffusion barriers in determining the excitability of peripheral nerve K. N. SENEVI-RATNE and O. A. PEIRIS .....page 310

Mapping of motor units in experimentally re-innervated rat muscle ERIC KUGELBERG, LARS EDSTRÖM, and MICHELE ABBRUZZESE .....page 319

Relapsing corticosteroid-dependent polyneuritis W. B. MATTEWS, D. A. HOWELL, and R. C. HUGHES .....page 330

The central nervous system in motor neurone disease BETTY BROWNELL, D. R. OPPENHEIMER, and J. TREVOR HUGHES .....page 338

A critical review of evidence concerning long-loop reflexes excited by muscle afferents in man M. MICHAEL GASSEL .....page 358

Primary neurogenic orthostatic hypotension R. C. HUGHES, N. E. F. CARLIDGE, and P. MILLAC page 363

Late complications of hemispherectomy: report of a case relieved by surgery NINAN T. MATHEW, JACOB ABRAHAM, and JACOB CHANDY .....page 372

Seronegative dementia paralytica: report of a case L. CH' IEN, B. M. HATHAWAY and C. W. ISRAEL .....page 376

Epileptic seizures resulting from acute cerebral anoxia D. MADISON and E. NIEDERMEYER page 381

Cerebrospinal fluid pressure K. C. BRADLEY .....page 387

Necrosis of muscle with carcinoma: myositis or myopathy? H. URICH and MARCIA WILKINSON .....page 398

Unilateral electroconvulsive therapy and cerebral dominance: effect of right- and left-sided electrode placement on verbal memory J. J. FLEMINGER, D. J. de L. HORNE, and P. N. NOTT .....page 408

Book Reviews .....page 412
