

JOURNAL OF NEUROLOGY NEUROSURGERY AND PSYCHIATRY

Plasma lipids and coagulation in patients with arteriosclerotic dementia V. M. ANDREOLI, S. FERRARI, C. R. SIRTORI, G. BIASI, and M. MORANDINI *page 981*

Diffuse intravascular clotting associated with a primary brain tumour Y. VARDI, M. STREIFLER, E. SCHUJMAN, and M. LOEWENTHAL *page 987*

Specificity of muscle antibodies in sera from patients with myasthenia gravis and from immunized rabbits JOHAN A. AARLI, OLAV TØNDER, and OTTO CLOSS *page 991*

Neurological complications of progressive facial hemiatrophy SHELDON MARK WOLF and M. ANTHONY VERITY *page 997*

Neuro-ophthalmic pathological correlations in primary reticulum cell sarcoma of the nervous system E. F. GONYEA and G. H. COLLINS *page 1005*

Assessment of fusimotor contribution to reflex reinforcement in humans DORIS BURG, ALFRED J. SZUMSKI, ALBRECHT STRUPPLER, and FRANCISCO VELHO *page 1012*

Relationship between visual field defect and arterial occlusion in the posterior cerebral circulation S. N. KAUL, G. H. DU BOULAY, B. E. KENDALL, and R. W. ROSS RUSSELL *page 1022*

Parasympathetic denervation of the iris in diabetes mellitus B. SIGSBEE, R. TORKELSON, G. KADIS, J. W. WRIGHT, and A. G. REEVES *page 1031*

Motor neurone disease: the nature of the pathogenic mechanism D. M. A. MANN and P. O. YATES *page 1036*

Hypothalamic gliomas in children CLIFFORD ROBERSON and KENNETH TILL *page 1047*

CSF imaging in benign intracranial hypertension A. EVERETTE JAMES, J. C. HARBERT, P. B. HOFFER, and F. H. DELAND *page 1053*

Benign occipital unicameral bone cyst causing lower cranial nerve palsies complicated by iophendylate arachnoiditis W. G. BRADLEY, R. M. KALBAG, P. S. RAMANI, and B. E. TOMLINSON *page 1059*

Rheumatoid C₁-C₂ dislocation: pathogenesis and treatment reconsidered CHUN C. KAO, B. MESSERT, S. S. WINKLER, and J. H. TURNER *page 1069*

Results of surgical treatment for patients with a spinal angioma VALENTINE LOGUE, M. J. AMINOFF, and B. E. KENDALL *page 1074*

Book reviews *page 1082*
