

JOURNAL OF NEUROLOGY NEUROSURGERY AND PSYCHIATRY

Progressive multifocal leucoencephalopathy: remission with cytarabine P. J. MARRIOTT, M. D. O'BRIEN, I. C. K. MACKENZIE, and I. JANOTA. *page 205*

Epidemiology of Creutzfeldt-Jakob disease in England and Wales W. B. MATTHEWS. *page 210*

Effect of ornithine alpha oxoglutarate on brain metabolism in patients with chronic liver disease I. M. JAMES, A. N. HAMLYN, P. C. BRANT, and PAMELA HILDREW. *page 214*

Studies in man of phenytoin absorption and its implications F. B. GIBBERD and M. WEBLEY. *page 219*

Involuntary movements caused by phenytoin intoxication in epileptic patients S. AHMAD, JOHN LAIDLAW, G. W. HOUGHTON, and A. RICHENS. *page 225*

Amphetamines in the treatment of Parkinson's disease J. D. PARKES, D. TARSY, C. D. MARSDEN, K. T. BOUILL, J. A. PHIPPS, P. ROSE, and P. ASSELMAN. *page 232*

Pallido-pyramidal syndrome treated with levodopa GARY HOROWITZ and JACK GREENBERG. *page 238*

Myopathy: a light and electron microscopic study of the peripheral nerve in a case of hypophosphataemic osteomalacia M. S. WARA, A. TERAQ, and M. R. WILLS. *page 241*

Myopathy in hypophosphataemic osteomalacia presenting in adult life G. D. SCHOTT and M. R. WILLS. *page 297*

Intraventricular cryptococcal meningitis in diphenyl poisoning M. MAURICE-WILLIAMS. *page 248*

Book reviews

Intention tremor—a method of measurement M. H. MORGAN, R. L. HEWER, and R. COOPER. *page 253*

Application of an objective method of assessing intention tremor—a further study on the use of weights to reduce intention tremor M. H. MORGAN, R. L. HEWER, and R. COOPER. *page 259*

Cystic degeneration of the telencephalic subependymal germinal layer in newborn infants GUILLERMO A. DE LEÓN and DAVID J. GIRLING. *page 265*

Clinical experience with automatic midline echoencephalography: cooperative study of three neurosurgical clinics M. KLINGER, E. KAZNER, TH. GRUMME, V. AMTENBRINK, G. GRAEF, K. H. HARTMANN, H. HOPMAN, W. MEESE, and B. VOGEL. *page 272*

Radiological abnormalities in temporal lobe epilepsy with clinicopathological correlations R. L. NEWCOMBE, S. H. SHAH—with assistance of R. D. HOARE and M. A. FALCONER. *page 279*

Sylvian aqueduct syndrome as a sign of acute obstructive hydrocephalus in children AMRIK S. CHATTHA and G. ROBERT DELONG. *page 288*

Myopathy in hypophosphataemic osteomalacia presenting in adult life G. D. SCHOTT and M. R. WILLS. *page 297*

Intraventricular cryptococcal meningitis in diphenyl poisoning M. MAURICE-WILLIAMS. *page 248*
