

JOURNAL OF NEUROLOGY NEUROSURGERY AND PSYCHIATRY

Muscle spindle activity in man during voluntary fast alternating movements K.-E. HAGBARTH, G. WALLIN, and L. LÖFSTEDT.page 625

Muscle spindle activity in alternating tremor of Parkinsonism and in clonus K.-E. HAGBARTH, G. WALLIN, L. LÖFSTEDT, and S.-M. AQUILONIUS.page 636

Trial of long-term anticoagulant therapy in the treatment of small stroke associated with a normal carotid arteriogram PETER BRADSHAW and STEPHEN BRENNAN.page 642

Cluster headaches associated with vascular malformations L. HERZBERG, J. A. R. LENMAN, G. VICTORATOS, and F. FLETCHER.page 648

Responses of isolated human basilar arteries to 5-hydroxytryptamine, noradrenaline, serum, platelets, and erythrocytes LINDSEY M. STARLING, D. J. BOULLIN, D. G. GRAHAME-SMITH, C. B. T. ADAMS, and R. S. GYE.page 650

Effects of increased arterial pressure on blood flow in the damaged brain J. D. MILLER, J. GARIBI, J. B. NORTH, and G. M. TEASDALE.page 657

Concentration gradients of monoamine metabolites in human cerebrospinal fluid ROLF SJÖSTRÖM, JAN EKSTEDT, and ERIK ÅNGGÅRD.page 666

Regional distribution of choline acetyltransferase in the human brain: changes in Huntington's chorea S.-M. AQUILONIUS, S.-Å. ECKERNÅS, and A. SUNDWALL.page 669

Single fibre electromyographic studies in myasthenia gravis with repetitive nerve stimulation MARTIN S. SCHWARTZ and ERIK STÅLBERG.page 678

Analysis of electrical activity of normal muscle in man at different degrees of voluntary effort A. FUGLSANG-FREDERIKSEN and A. MÅNSSON.page 683

Metastatic carcinoma in a spinal meningioma ANTHONY D. HOCKLEY.page 695

Orthostatic hypotension associated with paroxysmal ventricular tachycardia R. N. NANDA and R. H. JOHNSON.page 698

Temporal lobe epilepsy due to an intracerebral Schwannoma: case report M. J. VAN RENSBURG, N. S. F. PROCTOR, J. DANZIGER, and M. S. ORELOWITZ.page 703

Recovery of adenovirus type 7 from human brain cell cultures ANN LORD, R. N. P. SUTTON, and J. A. N. CORSELLIS.page 710

Evaluation and outcome of aphasia in patients with severe closed head trauma INGER VIBEKE THOMSEN.page 713

Beta blockade in lithium tremor J. M. KELLETT, M. METCALFE, J. BAILEY, and A. J. COPPEN.page 719

Apomorphine and psychopathology SAMARTHJI LAL and CHARLES E. DE LA VEGA.page 722

Book reviews.page 727

Letters.page 727
