JOURNAL OF NEUROLOGICAL NEUROSURGERY AND PSYCHIATRY

Impact of computerised axial tomography on the management of posterior fossa tumours in childhood E. BOLTSHAUSER, H. HAMALATHA, D. N. GRANT, and K. TILLpage 209

Value of computed tomography in the diagnosis of intracranial abscess M. D. M. SHAW and J. A. RUSSELLpage 214

Preservation of singing in Broca's aphasia A. YAMADORI, Y. OSUMI, S. MASUHARA, and M. OKUBOpage 221

Alexia without agraphia associated with right occipital lesion GENJIRO HIROSE, TAKEO KIN, and EIJI MURAKAMIpage 225

A sensitive test for tactile extinction: results in patients with parietal and frontal lobe disease A. S. SCHWARTZ, PATRICIA L. MARCHOK, and R. E. FLYNNpage 228

Electrical and mechanical responses in the platysma and in the adductor pollicis muscle: in normal subjects C. KRARUPpage 234

Electrical and mechanical responses in the platysma and in the adductor pollicis muscle: in patients with myasthenia gravis C. KRARUPpage 241

Value of exchangeable electrolyte measurement in the treatment of myasthenia gravis MAIR CRITCHLEY, K. J. HANMAN, M. HANMAN, R. A. SHIELDS, and L. A. LITTLEWOODpage 250

Reticular reflex myoclonus: a physiological type of human post-hypoxic myoclonus M. HALLETT, D. CHADWICK, JANE ADAM, and C. D. MARSDENpage 253

Post-ischaeamic paraesthesiae in pellagrins B. S. BOMB, H. K. BEDI, and L. K. BHATNAGAR...page 265

Some observations on SMON from Bombay N. H. WADIApage 268

Mediastinal paraganglioma causing spinal cord compression M. G. REYES, R. FRESCO, and M. E. BRUETMANpage 276

Familial idiopathic cerebral calcifications FRANÇOIS BOLLER, MARIELLA BOLLER, and JAMES GILBERTpage 280

The place of ganglion or root alcohol injection in trigeminal neuralgia M. M. SHARR and J. S. GARFIELDpage 286

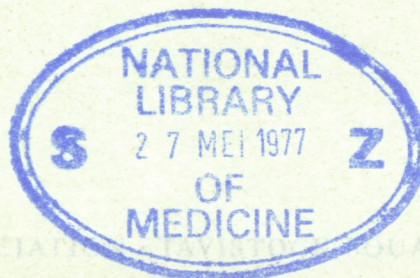

Severe head injuries in three countries B. JENNETT, G. TEASDALE, S. GALBRAITH, J. PICKARD, H. GRANT, R. BRAAKMAN, C. AVEZAAT, A. MAAS, J. MINDERHOUD, C. J. VECHT, J. HEIDEN, R. SMALL, W. CATON, and T. KURZEpage 291

Cytophotometric mapping of neuronal changes in senile dementia D. M. A. MANN, P. O. YATES, and C. M. BARTONpage 299

Presenile dementia presenting as aphasia ADAM F. WESCHLERpage 303

Book reviewspage 306

Notespage 312
