

## Contents

- Treatment of acquired aphasia: speech therapists and volunteers compared RACHEL DAVID, PAM ENDERBY, DAVID BAINTON *page 957*
- Mild senile dementia of Alzheimer type: research diagnostic criteria, recruitment and description of a study population L BERG, CP HUGHES, LA COBEN, WL DANZIGER, RL MARTIN, J KNESEVICH *page 962*
- A controlled study of dementia in Parkinson's disease RHS MINDHAM, SWA AHMED, CG CLOUGH *page 969*
- Summation of rapid tactile stimuli in parietal lobe disease RICHARD TEGNER *page 975*
- Evaluation of infratentorial atrophy by computed tomography DETLEF CLAUS, JÜRGEN C ASCHOFF *page 979*
- The relationship between brain and liver damage in chronic alcoholic patients W ACKER, EJ APS, SISIR K MAJUMDAR, GK SHAW, ALLAN D THOMSON *page 984*
- Primary writing tremor treated by stereotactic selective thalamotomy C OHYE, M MIYAZAKI, T HIRAI, T SHIBAZAKI, H NAKAJIMA, Y NAGASEKI *page 988*
- Effects of fixation and optokinetic stimulation on vestibulo-ocular reflex suppression BR CHAMBERS, MA GREASY *page 998*
- The effects of the pyrethroids deltamethrin and cismethrin on nerve excitability in rats MITSUO TAKAHASHI, PAMELA M LE QUESNE *page 1005*
- X-linked recessive bulbosplinal neuropathy: a report of ten cases AE HARDING, PK THOMAS, M BARAITSER, PG BRADBURY, JA MORGAN-HUGHES, JR PONSFORD *page 1012*
- The treatment of trigeminal neuralgia by posterior fossa microsurgery CBT ADAMS, ANDREW H KAYE, PJ TEDDY *page 1020*
- Axillary nerve palsy following blunt trauma to the shoulder region: a clinical and electrophysiological review HENRY BERRY, VERA BRIL *page 1027*
- Effect of epoprostenol (prostacyclin, PGI<sub>2</sub>) on cerebral blood flow in man MM BROWN, HILARY PICKLES *page 1033*
- The clinical course and prognosis of carotid artery occlusion T SACQUEGNA, P DE CAROLIS, P PAZZAGLIA, A ANDREOLI, P LIMONI, C TESTA, E LUGARESI *page 1037*
- Spontaneous thrombosis in giant intracranial aneurysms IAN R WHITTLE, NICHOLAS W DORSCH, MICHAEL BESSER *page 1040*
- Genetic and immunologic analysis on moya-moya TOSHIKI KITAHARA, KO OKUMURA, AKIO SEMBA, AKIRA YAMAURA, HIROYASU MAKINO *page 1048*

## SHORT REPORTS

- Deficient catecholamine release as the basis of orthostatic hypotension in pernicious anaemia G EISENHOFER, DG LAMBIE, RH JOHNSON, ETH TAN, EA WHITESIDE *page 1053*
- Adult ceroid-lipofuscinosis: diagnostic value of biopsies and of neurophysiological investigations A VERCRUYSSSEN, JJ MARTIN, C CEUTERICK, K JACOBS, L SWERTS *page 1056*
- Histocompatibility antigens and post-encephalitic Parkinsonism AJ LEES, GM STERN, DAS COMPSTON *page 1060*
- Transient global amnesia due to left temporal haemorrhage GIANLUCA LANDI, MARIA CRISTINA GIUSTI, MARIO GUIDOTTI *page 1062*
- EMG, single fibre EMG and sacral reflexes in assessment of sacral nervous system lesions DB VODUŠEK, M JANKO, J LOKAR *page 1064*
- Spinal cord compression by amyloid tissue OLIVER J McANENA, MICHAEL P FEELY, WF KEALY *page 1067*

## LETTERS

- Tuberculous meningitis presenting with trismus R SANDYK, MJW BRENNAN *page 1070*
- Transient global amnesia—familial incidence JM MUNRO, LOUIS A LOIZOU *page 1070*
- Diagnostic significance of free sialic acid in cerebrospinal fluid in meningitis NARGIS F JAFFERY, VIMLA VIRMANI, GK AHUJA, BANSI LAL JAILKHANI *page 1070*
- Copper, zinc and magnesium plasma levels in epilepsy WGJ SMITH, I BONE *page 1072*
- A penetrating orbitocranial injury presenting as a gaze palsy JOHN HUNGERFORD *page 1072*
- Focal dystonia in association with cerebral infarction M TRAUB, A RIDLEY *page 1073*
- Association of Klippel-Trenaunay-Weber syndrome with myotonic dystrophy M GOURIE-DEVI, BC MEHTA *page 1074*
