

Journal of Neurology, Neurosurgery, and Psychiatry

June 1982 Vol. 45 No. 6

Contents

Interictal behaviour in hospitalised temporal lobe epileptics: relationship to idiopathic psychiatric syndromes DAVID BEAR, KENNETH LEVIN, DIETRICH BLUMER, DIERDRE CHETHAM, JOHN RYDER *page 481*

Brain transmitter precursors and metabolites in diabetic ketoacidosis G CURZON, BD KANTAMANENI, N CALLAGHAN, PATRICK A SULLIVAN *page 489*

Evoked potential changes in clinically definite multiple sclerosis: A two year follow-up study JC WALSH, R GARRICK, J CAMERON, JG McLEOD *page 494*

Hair follicle discrimination dysfunction in multiple sclerosis patients RICHARD J SCHNEIDER, RONALD BURKE *page 501*

Congenital neuromuscular disease with type I fiber hypotrophy, ophthalmoplegia and myofibril degeneration H SUGIE, R HANSON, G RASMUSSEN, M ANTHONY VERITY *page 507*

Stretch reflexes of triceps surae in normal man ALFREDO BERARDELLI, MARK HALLETT, CHARLES KAUFMAN, EDWARD FINE, WILLIAM BERENBERG, SHELDON R SIMON *page 513*

Contribution of tonic vibration reflex (TVR) to the evaluation and diagnosis of cerebellar disorders G ABBRUZZESE, M ABBRUZZESE, S RATTO, E FAVALE *page 526*

Lower limb cutaneous polysynaptic reflexes in the child, according to age and state of waking or sleeping MF VECCHIERINI-BLINEAU, P GUIHNEUC *page 531*

Severe muscle cramps relieved by transcutaneous nerve stimulation KR MILLS, DJ NEWHAM, RHT EDWARDS *page 539*

Conditions that affect the thresholds of the components of the eyeblink reflex in humans JN SANES, JA FOSS, JR ISON *page 543*

SHORT REPORTS

Haematocrit, hypertension and smoking in patients with transient ischaemic attacks and in age and sex matched controls MJG HARRISON, S POLLOCK, D THOMAS, JOHN MARSHALL *page 550*

Forearm exercise increases plasma hypoxanthine VICTOR H PATTERSON, KENNETH K KAISER, MICHAEL H BROOKE *page 552*

Stroke as an early manifestation of systemic lupus erythematosus LF HAAS *page 554*

A simple apparatus to assess cutaneous thermal sensitivity MARGARET F BRUCE *page 557*

LETTERS

Carbamazepine-induced choreoathetoid dyskinesias K BIMPONG-BUTA, W FROESCHER *page 560*

Post-traumatic tremor due to vascular injury and its treatment by stereotactic thalamotomy J ANDREW, CJ FOWLER, MJG HARRISON, BE KENDALL *page 560*

Heroin myelopathy LC GOODHART, LA LOIZOU, MILNE ANDERSON *page 562*

Plaques and tangles and transmitter deficiencies in dementia DMA MANN, PO YATES, J HAWKES *page 563*

Progressive spastic paraplegia due to persistent echo virus encephalomyelitis in a child with X-linked hypogammaglobulinaemia J EGGER, S LINGAM, MAGDA ERDOHAZI, J WILSON *page 564*

Transient unilateral mydriasis in basilar aneurysm AN GALE, HA CROCKARD *page 565*

Recurrent cerebral abscess in association with pulmonary arteriovenous fistulae PJ RATCLIFFE, CJ EARL *page 566*

MATTERS ARISING

Brachial plexus lesion complicating sternotomy KA SOTANIEMI *page 568*

Book Reviews *page 569*
