December 1983 Vol. 46 No. 12

Contents

Occasional Review

Neglected conditions producing preauricular and referred pain MARK H FRIEDMAN, BERTRAND AGUS, JOSEPH WEISBERG
page 1067

Neglect dysgraphia DOREEN M BAXTER, ELIZABETH K WARRINGTON *page 1073*

Aura in temporal lobe epilepsy: clinical and electroencephalographic correlation AK GUPTA, PM JEA VONS, RC HUGHES,
A COVANIS *page 1079*

Post-concussional symptoms, financial compensation and outcome of severe blunt head injury WW MCKINLAY,
DN BROOKS, MR BOND *page 1084*

Early versus late lateral ventricular enlargement following closed head injury CA MEYERS, HS LEVIN, HM EISENBERG,
FC GUINTO *page 1092*

Operative findings on microsurgical exploration of the cerebello-pontine angle in trigeminal neuralgia P RICHARDS,
H SHAWDON, R ILLINGWORTH *page 1098*

Arachnoidal cysts in the middle cranial fossa: cause and treatment of progressive and non-progressive symptoms
FGA VAN DER MECHE, R BRAAKMAN *page 1102*

Syndrome of polyneuropathy, skin hyperpigmentation, oedema and hepatosplenomegaly LOK-MING TANG, MO-SONG HSI,
SHAN-JIN RYU, YASUHIRO MINAUCHI *page 1108*

The use of conventional electromyography to assess external sphincter neuropathy in man DCC BARTOLO, JA JARRATT,
NW READ *page 1115*

Nerve compression injury and increased endoneurial fluid pressure: "miniature compartment syndrome"
GÖRAN LUNDBORG, ROBERT MYERS, HENRY POWELL *page 1119*

Transient visually evoked potentials to sinusoidal gratings in optic neuritis GORDON T PLANT *page 1125*

Twenty-four hour plasma levels of growth hormone and prolactin in Huntington's disease R DURSO, CA TAMMINGA,
S RUGGERI, A DENARO, S KUO, TN CHASE *page 1134*

The heart in Friedreich's ataxia B PENTLAND, KAA FOX *page 1138*

SHORT REPORTS

Studies of cellular radiosensitivity in hereditary disorders of nervous system and muscle S BRENNAN, PAUL D LEWIS
page 1143

Failure of a peripheral dopaminergic marker in Parkinson's disease JM MALOTE AUX, CE LATERRE, L HENS, PM LADURON
page 1146

Spontaneous intracranial hypertension with slit ventricles K MURROS, R FOGELHOLM *page 1149*

LETTERS

Micrographia as a focal sign of neurological disease PETER A LEWITT *page 1152*

Do Parkinsonian patients have a greater resistance to the common cold? MASAHIRO NOMOTO, AKIHIRO IGATA *page 1152*

Environmental reduplication associated with a right thalamic haemorrhage RC LEIGUARDA *page 1153*

Intramedullary spinal schwannoma JOON KI KANG, JIN UN SONG *page 1154*

Cervical cord compression due to chondromatous change in a patient of metaphysical aclasis UK MISRA, D NAG, VS DAVE,
R SHUKLA, AM KAR *page 1155*

MATTERS ARISING *page 1158*

Index to Vol. 46 *page 1161*
