

Contents

- An interictal study of partial epilepsy using positron emission tomography and the oxygen - 15 inhalation technique S BERNARDI, MR TRIMBLE, RSJ FRACKOWIAK, RJS WISE, T JONES *page 473*
- Spinal cord stimulation in peripheral vascular disease RC TALLIS, LS ILLIS, EM SEDGWICK, C HARDWIDGE, JS GARFIELD *page 478*
- Multiple mononeuritis and radiculitis with erythema, pain, elevated CSF protein and pleocytosis CH WULFF, K HANSEN, P STRANGE, W TROJABORG *page 485*
- The natural history of acute painful neuropathy in diabetes mellitus AG ARCHER, PJ WATKINS, PK THOMAS, AK SHARMA, J PAYAN *page 491*
- An evaluation of cerebrospinal fluid oligoclonal banding confirmed by immunofixation on agarose gel PM GEORGE, MA LORIER, I MACG DONALDSON *page 500*
- Plasma prolactin concentrations following epileptic and pseudoseizures WCJ COLLINS, O LANIGAN, N CALLAGHAN *page 505*
- The effect of thiopentone on somatosensory evoked responses and EEGs in comatose patients T GANES, T LUNDAR *page 509*
- Neurophysiological findings in the hereditary presenile dementia characterised by polycystic lipomembranous osteodysplasia and sclerosing leukoencephalopathy HPA HAKOLA, VSJ PARTANEN *page 515*
- The hemiplegic arm after stroke: measurement and recovery DERICK T WADE, RICHARD LANGTON-HEWER, VICTORINE A WOOD, CLIVE E SKILBECK, HASSAN M ISMAIL *page 521*
- Biofeedback and relaxation in the treatment of migraine headaches: comparative effectiveness and physiological correlates J MICHAEL LACROIX, MELISSA A CLARKE, J CARSON BOCK, NEVILLE CS DOXEY, ANNE WOOD, SANDRA LAVIS *page 525*
- Crossed optic ataxia: possible role of the dorsal splenium JOSÉ M FERRO, JM BRAVO-MARQUES, A CASTRO-CALDAS, LOBO ANTUNES *page 533*
- A comparison of purposeless movements in psychiatric patients treated with antipsychotic drugs, and normal individuals THOMAS RE BARNES, MARTIN ROSSER, THOMAS TRAUER *page 540*
- Sequential changes in oligoclonal patterns during the course of multiple sclerosis EDWARD J THOMPSON, PETER KAUFMANN, PETER RUDGE *page 547*
- SHORT REPORTS
- Giant axonal neuropathy: normal protein composition of neurofilaments V IONASESCU, Ch SEARBY, P RUBENSTEIN, A SANDRA, P CANCELLA, J ROBILLARD *page 551*
- A chronic and painless form of idiopathic brachial plexus neuropathy GD SCHOTT *page 555*
- Conservative management of intracranial extradural haematoma presenting late R ILLINGWORTH, H SHAWDON *page 558*
- Hemiataxia and crural hemiparesis following capsular infarct E De RENZI, P NICHELLI, G CRISI *page 561*
- Ocular bobbing and myoclonus in central pontine myelinolysis D ZEGERS DE BEYL, J FLAMENT-DURAND, S BORENSTEIN, E BRUNCKO *page 564*
- Postictal blindness in adults MENACHEM SADEH, YOCHANAN GOLDHAMMER, ARIEH KURITSKY *page 566*
- Musical hallucinations associated with acquired deafness THOMAS A HAMMEKE, MICHAEL P McQUILLEN, BERNARD A COHEN *page 570*
- Dysgraphia for letters: a form of motor memory deficit? NARINDER KAPUR, NF LAWTON *page 573*
- Psychophysical assessment of a patient with Tolosa-Hunt Syndrome LESLEY J FALLOWFIELD, JOHN E REES *page 576*
- Quantitative analysis of stance in ataxic myxoedema HIROMI HARAYAMA, TSUKASA OHNO, TADASHI MIYATAKE *page 579*
- LETTERS
- Tetrahydrobiopterin metabolism in senile dementia of Alzheimer type C MORAR, SB WHITBURN, JA BLAIR, RJ LEEMING, GK WILCOCK *page 582*
- Meningitis and disseminated cutaneous zoster complicating herpes zoster infection SJ KARP *page 582*
- Neurological lupus erythematosus with tonic seizures simulating multiple sclerosis MICHAEL HUTCHINSON, BARRY BRESNIHAN *page 583*
- Ethmoid sinus carcinoma metastasing to the cauda equina: a case report P NEWTON, DM GRENNAN *page 585*
- Facial nucleus involvement in post-paralytic hemifacial spasm? PAOLO MARTINELLI, ANNA S GABELLINI, ELIO LUGARESÌ *page 586*
- The depression of myotonic dystrophy: response to imipramine ROGER A BRUMBACK, KENNETH M CARLSON *page 587*
- Enuresis in chronic epileptic patients EMR CRITCHLEY, HW HAYWARD *page 588*
- Meige's syndrome associated with spasmodic dysphagia RYUSUKE KAKIGI, HIROSHI SHIBASAKI, YASUO KURODA, TAKEMOTO SHIN, TADATSUGU MAEYAMA, SHINJI OONO *page 589*
