Editorial	569 Defining prognosis in medical coma <i>D Bates</i>
Papers	572 Cysts of the neuraxis of endodermal origin <i>I R A Mackenzie, J J Gilbert</i> 576 Cerebral infarction in young people. A study of 148 patients with early cerebral angiography <i>F Lisovoski, P Rousseaux</i> 580 Prospective neuropathological validation of Hachinski's Ischaemic Score in dementias <i>P Fischer, K Jellinger, G Gatterer, W Danielczyk</i> 584 A prospective study of physical trauma and multiple sclerosis <i>W A Sibley, C R Bamford, K Clark, M S Smith, J F Laguna</i> 590 Cavernomas of the central nervous system: clinical and neuroimaging manifestations in 47 patients <i>I Requena, M Arias, L López-Ibor, I Pereiro, A Barba, A Alonso, E Montón</i> 595 Cerebral haemorrhage in a French prospective population study <i>M Giroud, P Gras, N Chadan, P Beuriat, C Milan, P Arveux, R Dumas</i> 599 Square wave jerks in Parkinsonian syndromes <i>O Rascol, U Sabatini, M Simonetta-Moreau, J L Montastruc, A Rascol, M Clanet</i> 603 Dopaminergic induced changes in cognitive and motor processing in Parkinson's disease: an electrophysiological investigation <i>D Prasher, L Findley</i> 610 Primary meningeal B lymphoma presenting as a subacute ascending polyradiculoneuropathy <i>J Julien, C Vital, J Rivet, A de Mascarel, A Laguény, X Ferrer, B Vergier</i> 614 Plasma exchange in the treatment of Refsum's disease (heredopathia atactica polyneuritiformis) <i>D Harari, F B Gibberd, J P R Dick, M C Sidey</i> 618 Intra-operative recording of motor tract potentials at the cervico-medullary junction following scalp electrical and magnetic stimulation of the motor cortex <i>P D Thompson, B L Day, H A Crockard, I Calder, N M F Murray, J C Rothwell, C D Marsden</i> 624 Mid-brain pathology of Wilson's disease: MRI analysis of three cases <i>S Hitoshi, M Iwata, K Yoshikawa</i> 627 The effects of baclofen and cholinergic drugs on upbeat and downbeat nystagmus <i>M Dieterich, A Straube, T Brandt, W Paulus, U Büttner</i> 633 Anterograde amnesia with fornix damage following removal of IIIrd ventricle colloid cyst <i>J R Hodges, K Carpenter</i> 639 Psychosis following temporal lobe surgery: a report of six cases <i>C J Mace, M R Trimble</i>
Short reports	645 Clinical and CT correlates in the diagnosis of intracranial tumours <i>K A Sotaniemi, M Rantala, J Pyhtinen, V V Myllylä</i> 648 Postradiation lower motor neuron syndrome presenting as monomelic amyotrophy <i>C Lamy, J L Mas, B Varet, M Ziegler, J de Recondo</i> 650 Ultralate cerebral potentials in a patient with hereditary motor and sensory neuropathy type I indicate preserved C-fibre function <i>J Lankers, A Frieling, K Kunze, B Bromm</i>
Letters	653 Ipsilateral hemi-Parkinsonism secondary to an astrocytoma <i>A Kulali, M Tuğtekin, Y Ütkür, S Erkurt</i> 653 Spontaneous intraneural haematoma of the optic nerve <i>R P Gregory, G Koutsoubelis, R F C Kerr, C B T Adams</i> 654 Displaced Torkildsen's shunt: an unusual cause of cervical myelopathy <i>A Pascual-Leone, A Dhuna, R Castillo, T Ala</i> 654 Guillain-Barré syndrome associated with idiopathic thrombocytopenic purpura <i>O Combarros, J Calleja, L Hernández, J M Polo, J Berciano</i> 655 Isolated cerebellar syndrome: an atypical form of cerebral malaria <i>P Chaîne, F Woimant, O Corabianu, C Fayada, M Haguénau</i> 655 A case of childhood Kufs' disease <i>M A Barthez-Carpentier, C Billard, J Maheut, J J Santini, M M Ruchoux</i> 657 Hemiageusia: an unusual presentation of multiple sclerosis <i>A Pascual-Leone, I Altafullah, A Dhuna</i> 657 Paroxysmal kinesigenic choreoathetosis as presenting symptom of multiple sclerosis <i>R A C Roos, A R Wintzen, G Vielvoye, T W Polder</i> 658 Cervical myelopathy due to calcium pyrophosphate dihydrate deposition disease <i>C R Wells, S Morgello, E DiCarlo</i> 659 Acid maltase deficiency presenting with a myopathy and exercise induced urinary incontinence in a 68 year old male <i>A M Chancellor, C P Warlow, J N Webb, M G Lucas, G T N Besley, D M Broadhead</i>
Proceedings	661 Society of British Neurological Surgeons and the Polish Neurosurgical Society, Poland, September 1990
Neurological stamp	575 Albucasis or Abul Kasim (936-1013 AD)
