# NEUROLOGY NEUROSURGERY & PSYCHIATRY

- |                            |    |  |
|----------------------------|----|--|
| <b>Editorial</b>           | 1  | Multiple sclerosis and the mind <i>M A Ron, A Feinstein</i>  |
| <b>Papers</b>              | 4  | Endothelial cell activation in vasculitis of peripheral nerve and skeletal muscle <i>P K Panegyres, R J Faull, G R Russ, S L Appleton, A G Wang, P C Blumberg</i>            |
|                            | 8  | Anti-GM <sub>1</sub> antibodies in patients with Guillain-Barré syndrome <i>L H van den Berg, J Marrink, A E J de Jager, H J de Jong, G W van Imhoff, N Latov, S A Sadiq</i> |
|                            | 12 | Visual field defects in vascular lesions of the lateral geniculate body <i>C Luco, A Hoppe, M Schweitzer, X Vicuña, A Fantin</i>   |
|                            | 16 | Bilateral striatal necrosis, dystonia and optic atrophy in two siblings <i>V Leuzzi, E Bertini, A M De Negri, M Gallucci, B Garavaglia</i>                                   |
|                            | 20 | Changes in corticospinal facilitation of lower limb spinal motor neurons after spinal cord lesions <i>B Brouwer, J Bugaresti, P Ashby</i>                                    |
|                            | 25 | Hypergraphia associated with a brain tumour of the right cerebral hemisphere <i>T Imamura, A Yamadori, K Tsuburaya</i>   |
|                            | 28 | Autosomal dominant congenital Horner's syndrome in a Dutch family <i>G Hageman, P F Ippel, F C A M te Nijenhuis</i>  |
|                            | 31 | Effects of atropine on autonomic indices based on electrocardiographic R-R intervals in healthy volunteers <i>P O O Julu, R G Hondo</i>                                      |
|                            | 36 | Bimodal extinction without cross-modal extinction <i>A W Inhoff, R D Rafal, M J Posner</i>   |
|                            | 40 | Leftward search in left unilateral spatial neglect <i>S Ishiai, M Sugishita, K Mitani, M Ishizawa</i>  |
|                            | 45 | Stormy onset with prolonged loss of consciousness in benign childhood epilepsy with occipital paroxysms <i>S Kivity, P Lerman</i>  |
|                            | 49 | Role of lidocaine (lignocaine) in managing status epilepticus <i>J Pascual, J Ciudad, J Berciano</i>   |
|                            | 52 | Electrophysiological studies in cerebrotendinous xanthomatosis <i>Y Tokimura, M Kuriyama, K Arimura, J Fujiyama, M Osame</i>   |
|                            | 56 | Weighted needle prick sensory thresholds: a simple test of sensory function in diabetic peripheral neuropathy <i>A W Chan, I A MacFarlane, D Bowsher, J A Campbell</i>       |
| <b>Short reports</b>       | 60 | High-dose intravenous human immunoglobulin in polymyositis resistant to treatment <i>S Jann, S Beretta, M Moggio, L Adobbati, G Pellegrini</i>                               |
|                            | 63 | Clinical features of Todd's post-epileptic paralysis <i>L A Rolak, P Rutecki, T Ashizawa, Y Harati</i>   |
|                            | 65 | The tarsal tunnel syndrome after a proximal lesion <i>P Augustijn, J Vanneste</i>  |
| <b>Lesson of the month</b> | 68 | The differentiation of peripheral effector neuron failure from acute brain stem dysfunction in a critically ill patient <i>P G Bain, G Harwood, G E Holder, B M Evans</i>    |
| <b>Letters</b>             | 71 | Improvement in the POEMS syndrome after administration of tamoxifen <i>T P Enevoldson, A E Harding</i>   |
|                            | 72 | Traumatic basal ganglia haemorrhage with slight clinical signs and complete recovery <i>C I Parodi, S Cammarata, N Pizio, G Sacco</i>  |
|                            | 72 | Transient pure sensory strokes in patient with aneurysm of rostral basilar artery <i>A Nicolai, L G Lazzarino</i>  |
|                            | 73 | Ectopic parasellar pituitary adenoma with subarachnoid seeding <i>W Kamphorst, J G Wolbers, H Ponssen, A B M F Karim</i>   |
|                            | 74 | Tumour necrosis factor- $\alpha$ in malignant melanomatous meningitis <i>M Weller, A Stevens, N Sommer, H Wiethölter</i>   |
|                            | 74 | Partial self-induced seizures: an uncommon motivation for auto-induction <i>S Striano, R Meo, L Bilo, P Ruosi</i>  |
|                            | 75 | F-response during cataplexy <i>T Yokota, T Shimizu, H Hayashi, K Hirose, H Tanabe</i>  |
| <b>Proceedings</b>         | 77 | Society of British Neurological Surgeons, London, 1991   |
| <b>Neurological stamp</b>  | 3  | Vesalius (1514-64) <i>L F Haas</i>   |
| <b>Miscellaneous</b>       | 84 | Matters arising · Book reviews   |
