**NEUROLOGY  
NEUROSURGERY  
& PSYCHIATRY**

<b>Editorial</b>	433	Coagulation abnormalities and cerebral infarction <i>M Greaves</i>
<b>Neurological emergency</b>	440	Head injury <i>J D Müller</i>
<b>Papers</b>	448	Double-blind, placebo controlled, crossover study of lamotrigine in treatment resistant partial seizures <i>G J Schapel, R G Beran, F J E Vajda, S F Berkovic, M L Mashford, F M Dunagan, W C Yuen, G Davies</i>
	454	Motor neuron disease and multiple sclerosis among immigrants to England from the Indian subcontinent, the Caribbean and East and West Africa <i>M Elian, G Dean</i>
	458	The relation of alcohol consumption to cardiovascular risk factors and stroke. The west Birmingham stroke project <i>R Shinton, G Sagar, G Beevers</i>
	463	Selection of acute stroke patients for treatment of visual neglect <i>S P Stone, P Patel, R J Greenwood</i>
	467	Dopamine D1 receptors in Parkinson's disease and striatonigral degeneration: a positron emission tomography study <i>H Shinotoh, O Inoue, K Hirayama, A Aotsuka, M Asahina, T Suhara, T Yamazaki, Y Tateno</i>
	473	Familial progressive supranuclear palsy <i>J Brown, P Lantos, M Stratton, P Roques, M Rossor</i>
	477	No evidence for altered muscle mitochondrial function in Parkinson's disease <i>J J Anderson, D Bravi, R Ferrari, T L Davis, F Baronti, T N Chase, F Dagani</i>
	481	Neuronal number and volume alterations in the neocortex of HIV infected individuals <i>I P Everall, P J Luthert, P L Lantos</i>
	487	Neuronal loss in the hippocampus in Huntington's disease: a comparison with HIV infection <i>E Spargo, I P Everall, P L Lantos</i>
	492	MRI in neurofibromatosis 1. The nature and evolution of increased intensity T2 weighted lesions and their relationship to intellectual impairment. <i>R E Ferner, R Chaudhuri, J Bingham, T Cox, R A C Hughes</i>
	496	Clinical implementation of anti-acetylcholine receptor antibodies <i>F E Sommer</i>
	505	Ocular and neurological Behçet's disease without orogenital ulceration? <i>C J Lueck, M Pires, A C E McCartney, E M Graham</i>
	509	Subclinical diabetic polyneuropathy: early detection of involvement of different nerve fibre types <i>P H Hendriksen, P L Oey, G H Wieneke, B Bravenboer, A C van Huffelen</i>
	515	Effect of intrathecal baclofen on the monosynaptic reflex in humans: evidence for a postsynaptic action <i>P Azouvi, A Roby-Brami, A Biraben, J B Thiebaut, C Thurel, B Bussel</i>
	520	A polymerase chain reaction assay of cerebrospinal fluid in patients with suspected herpes simplex encephalitis <i>N E Anderson, K F Powell, M C Croxson</i>
	526	The use of botulinum toxin in the treatment of adductor spasmodic dysphonia <i>R Whurr, M Lorch, H Fontana, G Brookes, A Lees, C D Marsden</i>
	531	The limitations of the tendon jerk as a marker of pathological stretch reflex activity in human spasticity <i>S J Fellows, H F Ross, A F Thilmann</i>
	538	N-Hexane neuropathy in offset printers <i>C M Chang, C W Yu, K Y Fong, S Y Leung, T W Tsin, Y L Yu, T F Cheung, S Y Chan</i>
	543	Subarachnoid haemorrhage in the elderly: a necropsy study of the association with cerebral amyloid angiopathy <i>M Yamada, Y Itoh, E Otomo, M Hayakawa, T Miyatake</i>
	548	Anorgasmia in anterior spinal cord syndrome <i>A Beric, J K Light</i>
	552	Crossed avoiding reaction: a disturbance of the "manual" spatial function <i>T Nagumo, A Yamadori, Y Soma, R Kayamori, M Ito</i>
	556	A clinical study of hypergraphia in epilepsy <i>T Okamura, M Fukai, A Yamadori, M Hidari, H Asaba, T Sakai</i>
<b>Short report</b>	560	Ipecac myopathy and cardiomyopathy <i>L P Dresser, E W Massey, E E Johnson, E Bossen</i>
<b>Lesson of the month</b>	563	Intracranial tumours that mimic transient cerebral ischaemia: lessons from a large multicentre trial <i>R J Coleman, J M Bamford, C P Warlow</i> (for the UK TIA Study Group)
<b>Letters</b>	567	Mechanisms of carbamazepine-induced antidiuresis <i>W P Torrey</i>
	567	Acute transient hydrocephalus in carbon monoxide poisoning: a case report <i>S S Prabhu, R R Sharma, N T Gurusinghe, H C Parekh</i>
	568	Benign relapsing meningo-encephalo-myelitis <i>N J Gutowski, R J Davenport, J R Heron, D H Miller</i>
	569	Pain arising from the oesophagus may mimic glossopharyngeal neuralgia <i>G E Davies, P K Newman</i>
<b>Proceedings</b>	570	Meeting of the Society of British Neurological Surgeons, September 1992
<b>Neurological stamp</b>	439	Karl von Munchausen (1720-97) <i>L F Haas</i>
<b>Miscellanea</b>	576	Matters arising · Book reviews · Notices
