Editorial commentaries

357 There might be more to SPG4!
B P C van de Warrenburg

358 The unsolved puzzle of multiple sclerosis and venous function
C Franceschi

359 Botulinum toxin should be first-line treatment for poststroke spasticity
G Sheean

Review

360 Diagnosis and new treatment in muscle channelopathies
G Meola, M G Hanna, B Fontaine

Research papers

366 Incidence and survival of dementia in a general population of Japanese elderly: the Hisayama study
Y Matsui, Y Tanizaki, H Arima, K Yonemoto, Y Doi, T Ninomiya, K Sasaki, M Iida, T Iwaki, S Kanha, Y Kiyouhara

371 Social dysfunctioning after mild to moderate first-ever stroke at vocational age
M Hommel, S Trabucco-Miguel, S Jeray, B Naegle, N Gonnet, A Jiallard

376 Management and clinical outcome of posterior fossa arteriovenous malformations: report on a single-centre 15-year experience
L da Costa, L Thines, A R Dehdashti, M C Wallace, R A Willinsky, M Tymianski, M L Schwartz, K G ter Brugge

380 Botulinum neurotoxin versus tizanidine in upper limb spasticity: a placebo-controlled study
D M Simpson, J M Gracies, S A Yablon, R Barbano, A Brashear, the BoNT/TZD Study Team

386 Increasing prevalence and incidence of multiple sclerosis in South East Wales
C Hirst, G Ingram, T Pickersgill, R Swingler, C Hirst, G Ingram, T Pickersgill, R Swingler, D A S Compston, N P Robertson

392 Chronic cerebrospinal venous insufficiency in patients with multiple sclerosis
P Zamboni, R Galeotti, E Menegatti, A M Malagoni, G Tacconi, S Dall’Ara, I Bartolomei, F Salvi

400 The onset location of multiple sclerosis predicts the location of subsequent relapses
E M Mowry, S Deen, I Malitova, J Pelteret, P Bacchetti, E Waubant

404 Anti-Hu-associated brainstem encephalitis
A Saiz, J Bruna, P Storac, M C Vigliani, B Giometo, W Grisdel, J Honnorat, D Pismaras, R Voltz, F Graus

412 Onco-neural antibodies and tumour type determine survival and neurological symptoms in paraneoplastic neurological syndromes with Hu or CV2/CRMP5 antibodies
J Honnorat, S Cantalat-Carel, D Ricard, P B Camdessanche, A F Carpentier, V Rogemond, F Chapuis, M Aguerre, E Decullier, A M Duchemin, F Graus, J C Antoine

417 Intraoperative preservation of corticospinal function in the brainstem
G Neulek, J Bogucki, J Schramm

Short reports

423 Risk of incident Parkinson’s disease and parkinsonism in essential tremor: a population based study
J Bento-Leon, E D Louis, F Bermejo-Pareja, on behalf of the Neurological Disorders in Central Spain (NEDICES) Study Group

426 Filamin A mutation, a common cause for periventricular heterotopia, aneurysms and cardiac defects
M C Y de Wit, J M Kros, D J Hailey, I F M de Coo, R Verdijk, B C Jacobs, G M S Mancini

429 Disrupted intrinsic functional connectivity in the vegetative state
F Cauda, B M Micon, K Sacco, S Duca, F D’Agata, G Geminiani, S Canavero
432 Pattern and progression of white-matter changes in a case of posterior cortical atrophy using diffusion tensor imaging
T Duning, T Warnecke, S Mohammadi, H Lohmann, H Schieflbauer, H Kugel, S Knecht, E B Ringelstein, M Deppe

437 Risk indicators for development of headache during dipyridamole treatment after cerebral ischaemia of arterial origin
P H A Halkes, J van Gijn, L J Kappelle, P J Koudstaal, A Algra, on behalf of the ESPRIT Study Group

440 Posterior fossa abnormalities in hereditary spastic paraparesis with spastin mutations
C Scuderi, M Fichera, G Calabrese, M Elia, C Amato, M Savio, E Borgione, G A Vitello, S A Musumeci

444 Temporal cortex direct current stimulation enhances performance on a visual recognition memory task in Alzheimer disease
P S Boggi, L P Khoury, D C S Martins, O E A S Martins, E C de Macedo, F Fregni

Focus your mind on quality research every month

Journal of Neurology, Neurosurgery and Psychiatry keeps you right up to date with the whole field of clinical neurological practice, neurosurgery and psychiatry, so you’ll want the guarantee of reading it every month.

Why not recommend the journal to your librarian or better still, obtain your own personal subscription? You will receive a paper copy every month as well as online access for just £209 a year (€282, $408). Too much paper on your desk already? An online subscription is just £122 (€165, $238). Better still, a personal subscription includes the acclaimed bi-monthly Practical Neurology.

Visit group.bmj.com/group/subs-sales - your subscription to this first class journal is just a few clicks away.
