Therapeutic efficacy of unilateral prestroke physical activity and early functional recovery: an observational study

Physiological clocks in acute ischaemic stroke: the search continues

Physical activity: one of the easiest ways to protect the brain

Diagnosis and therapy in neuromuscular disorders: diagnosis and new treatments in mitochondrial diseases

Validity of the Severe Impairment Battery Short Version

Misplacing objects in mild to moderate Alzheimer’s disease: a descriptive analysis from the VISTA clinical trial

CSF phosphorylated tau in the diagnosis and prognosis of mild cognitive impairment and Alzheimer’s disease: a meta-analysis of 51 studies

Pilot randomised controlled trial of occupational therapy to optimise independence in Parkinson’s disease: the PD OT trial

Therapeutic efficacy of unilateral subthalamotomy in Parkinson’s disease: results in 89 patients followed up to 36 months

Diffusion tensor imaging may help the determination of time at onset in cerebral ischaemia

Penumbra mismatch is underestimated using standard volumetric methods and this is exacerbated with time

102 Distinctive retinal nerve fibre layer and vascular changes in neuromyelitis optica following optic neuritis

A J Green, B A C Cree

1006 Comparative epidemiology of stroke and acute myocardial infarction: the Dijon Vascular Project (DiVa)

1012 Frequency and predictors for the risk of stroke recurrence up to 10 years after stroke: the South London Stroke Register

K M Mehan, S L Crichton, A P Grieve, A G Rudd, C D A Wolfe, P U Heuschmann

1019 Prestroke physical activity and early functional status after stroke

N Stroud, T M L Mazwi, L D Case, R D Brown Jr, T G Brett, B B Worrell, J J Meschia, for the Ischemic Stroke Genes Study Investigators

1023 Responsiveness of patient reported outcome measures in multiple sclerosis relapses: the REMS study

A Giardino, E Pucci, N Naldi, L Mendeozzi, C Milanesi, F Tronci, M Leone, N Mascoli, L La Mantia, G Giuliani, A Solari

1029 Encephalopathic attacks in a family co-segregating myotonic dystrophy type 1, an intermediate Charcot–Marie–Tooth neuropathy and early hearing loss

F Spaans, C G Faber, H J M Smets, P A M Hofman, C Braids, D G Monckton, C E M de Die-Smulders

Journal of Neurology Neurosurgery & Psychiatry (ISSN No: 0022-8697) is published monthly by BMJ Publishing Group and distributed in the USA by PB International Mailing Services Inc as mailing agent. Periodicals postage paid at Kearny, NJ and additional mailing offices. POSTMASTER: send address changes to Journal of Neurology Neurosurgery & Psychiatry, PB International Mailing Services Inc., 500 US Hwy 46, Clifton, NJ, 07011, USA.
Short reports

1036 Rituximab for polyneuropathy with IgM monoclonal gammopathy
J M F Niermeijer, M Eurelinges, H L Lokhorst, W-L van der Pol, H Franssen, J H J Wokke, N C Notermans

1040 Efficacy and safety of two 5 day insulin dosing regimens to achieve strict glycaemic control in patients with acute ischaemic stroke
T M Vriesendorp, Y B Roos, N D Kruyt, G J Biessels, L J Kappelle, M Vermeulen, F Holleman, J H DeVries, J B L Hoekstra

1044 Improved outcome after lumbar microdiscectomy in patients shown their excised disc fragments: a prospective, double blind, randomised, controlled trial
M J Tait, J Levy, M Nowell, C Pocock, V Petrik, B A Bell, M C Papadopoulos

1047 Swallowing problems in Parkinson disease: frequency and clinical correlates
N Miller, L Allcock, A J Hildreth, D Jones, E Noble, D J Barn

1050 Identification of independent APP locus duplication in Japanese patients with early-onset Alzheimer disease
K Kasuga, T Shimohata, A Nishimura, A Shiga, T Mizuguchi, J Tokunaga, T Ohno, A Miyashita, R Kuwano, N Matsumoto, O Onodera, M Nishizawa, T Beuchi

1053 Reduced perfusion in the anterior cingulate cortex of patients with pure autonomic failure: an 123I-IMP SPECT study
S Hirano, M Asahina, Y Uchida, H Shimada, R Sakakibara, H Shinotoh, T Hattori

Neurological pictures

959 Reversible cerebral vasoconstriction associated with orgasmic headache
J Hoffmann, L Harms, R Klingebiel

996 A giant subcutaneous forehead abscess and epidural extension caused by frontal mucocele
I Takumi, M Goto, M Akimoto

1043 Multiseptated post-traumatic cervicothoracic syrinx treated by two anatomically distant syringo-subarachnoid shunts
E A Monaco III, R M Spiro

Focus your mind on quality research every month

Journal of Neurology, Neurosurgery and Psychiatry keeps you right up to date with the whole field of clinical neurological practice, neurosurgery and psychiatry, so you'll want the guarantee of reading it every month.

Why not recommend the journal to your librarian or better still, obtain your own personal subscription? You will receive a paper copy every month as well as online access for just £209 a year (€282, $408). Too much paper on your desk already? An online subscription is just £122 (€165, $238). Better still, a personal subscription includes the acclaimed bi-monthly Practical Neurology.

Visit group.bmj.com/group/subs-sales - your subscription to this first class journal is just a few clicks away.
