JNNP’s ambition is to publish the most ground-breaking and cutting-edge research from around the world. Encompassing the entire genre of neurological sciences, our focus is on the common disorders (stroke, multiple sclerosis, Parkinson’s disease, epilepsy, peripheral neuropathy, subarachnoid haemorrhage and neuropsychiatry), but with a keen interest in the Gordian knots that present themselves in the field, such as ALS. With early online publication, regular podcasts and an immense archive collection with the longest half-life of any journal in clinical neuroscience, JNNP is a trail-blazer and not a follower.

Practical Neurology
All subscribers to JNNP also receive Practical Neurology 6 times per year. Each issue of Practical Neurology publishes reviews and essays from eminent neurologists from around the world, as well as educational material to test your knowledge. Papers are rigorously edited to present the working neurologist with accessible, engaging, up-to-date information.

All members of the Association of British Neurologists receive a complimentary subscription to Practical Neurology as a membership benefit.

Subscription Information
Journal of Neurology Neurosurgery & Psychiatry is published monthly; subscribers also receive Practical Neurology 6 times per year as well as any supplements.
