INDEX

A

ABELES, M.: Treatment of muscular dystrophy with gelatin, 163

ACHOLHYDRIA IN THE PSYCHOSIS: with special reference to coincident anemia (Ruby O. Stern), 171

ACROMEGALY: development of, and function of the dienecephalic (Sacchetti), 269

Alcoholic intoxication intravenously: psychological and psychopathological effects in man (Henry W. Newman), 283

Alcoholic amnesia, temporary, etiology (D. Allen), 117

Amnesia, temporary, etiology (Frederick H. Leavitt), 176

Anemia, pernicious, psychoses with (Karl M. Bowman), 277

Aneurysm, arteriovenous, congenital multiple (G. Van Ness Dearborn), 271

Aneurysm of the basilar artery, subarachnoid hemorrhage from (P. E. Mapes), 271

Angina, pathogenesis of cataplexy on (Max Levin), 140

Anigireculomnata, cerebral (C. Pana), 153

Antirabic vaccine. See Vaccine

Anxiety, neurotic, syndrome of (Walter Misch), 167

Arachnoiditis of the optic chiasma (G. Lo Cascio), 159

Arachnoiditis spinalis cireumspecta, conservative treatment of (C. H. de Leeuw), 163

ARMSTRONG, R. W.: After-histories of discharged mental patients, 183

ARNOLD, J. G.: Primary ependymitis: subacute type with occlusion of the foramina of Monro and hydrocephalus of the lateral ventricles, 134

Artery, cerebral, anterior, ligation of, in monkeys (J. W. Watts), 82

Artery, retinal, spasm of, in functional blindness caused by suggestion (G. Rossenda), 276

ASHBY, W. R. (and R. M. STEWART): Brain of the mental defective, 26

Atropine for relief of intestinal tract in cases of encaphalitis lethargica (H. Feisenmeyer), 374

Auditory hallucinations. See Hallucinations

Autohemotherapy in treatment of cerebral hemorrhage (R. Colella and G. Pizzillo), 164

B

BANISTER, H.: Psychology and Health, review, 287

BARAGAR, C. A.: Sexual sterilization. Four years' experience in Alberta, 183

Barrier permeability to bromide and protein content of the cerebrospinal fluid (S. Katzenelbogen), 73

Barrier permeability to bromide and sodium chloride content of the cerebrospinal fluid (S. Katzenelbogen), 73

BECLE, H. C.: Action of certain drugs in schizophrenia, 181

BECK, A. : Connection of schizophrenia and tuberculosis, 279

BENTLEY, MADISON (editor): The Problem of Mental Disorder, review, 379

BERLYCCHI, C.: Special form of severe mental deficiency accompanied by myosclerosis, 176

BERRY, R. J. A.: Structural abnormalities presented by the brains of thirty-one certified mental defectives, 54

Blindness for form resulting from a lesion of the occipital lobe of the brain (R. Kleist), 375

Blindness, functional, spasm of retinal artery in, caused by suggestion (G. Rossenda), 276

Blood bromine in the psychoses (T. J. Hennelly and E. D. Yates), 92

Blood-cerebrospinal fluid barrier in mental disorders (D. Rothschild and C. N. Hamberg), 284

Blood fats in schizophrenia (A. T. Brice), 279

Blood glutathione (GSH) level in mental diseases (Arthur T. Brice), 179

Blood groups in inoculation malaria, significance of (Irving M. Derby), 84

Blood, placental, in treatment of schizophrenia (J. S. Gallant), 182

Blood sedimentation test in psychotic patients with pulmonary tuberculosis (George C. Bower and Gabriel Schein), 284

Blood sugar. See Sugar

BOLSI, D.: Transmission of nervous impulse over the sympathetic interneuronic synapses, 266

BOSSIES, B.: Possible relation of lead intoxication to multiple sclerosis, 268

BOURJAUROIS, ROBERT: Les Hydrocéphales aigus et subaiguës d'origine acuite, review, 380

OWER, GEORGE C.: Sedimentation test in psychotic patients with pulmonary tuberculosis, 284

BOWMANN KARL M.: Psychoses with pernicious anemia, 277

Brachial plexus, paralysis of, after protective inoculation with antitetanic serum (D. Ridder), 88

Brain changes in chronic alcoholism and Korsakow's psychosis (F. J. Warner), 178

Brain deformity produced by cysts in the pia mater of the Sylvian fissure (E. Scherer), 156

Brain injuries, anatomical consideration in clinical interpretation of (Irving J. Sands), 375

Brain of the mental defective (W. R. Ashby and R. M. Stewart), 26

Brain sections, macroscopic, simple method of staining (H. E. Le Masurier), 266

Brains, structural abnormalities of (R. J. A. Berry), 54

BRICE, ARTHUR T.: Blood glutathione (GSH) level in mental diseases, 179—The blood fats in schizophrenia, 279

BRIDGE, E. M.: Mental state of the epileptic patient, 173

Briggs law of Massachusetts (Winifred Overholser), 179

BRINK, GEORGE C.: Tuberculous survey in mental hospitals, 175

Bromine, blood, in the psychoses (T. J. Hennelly and E. D. Yates), 92

BRONSTEIN, I. P.: Hypothyroidism and cretinism in childhood, 94

BROWN, ANDREW W.: Hypothyroidism and cretinism in childhood, 94

BURNS, M. A.: Polyneuritis and its neuropsychiatric features, 162
Crimes topography, developmental, state associated with Confusional L. CORK, Circulation, A.: fluid, Cerebral Choroidal Corpus Children, Cerebral R.

Cataplexy, pathogenesis experimental, HULSEY: CAPPS, CAPELLI, CAMPBELL, CAMERION, MARCEL: serum, RAYMOND CATTELL, LEE

156 Bronstein and Andrew 265 patients, an ing of (David Nason), stimulation and various (Helmut H. S.)

Psychiatry, review, 153 Nason), stimulation of cortical sensorimotor centres (J. 153

Dystrophy, muscular, treatment of with gelatin (L. Stone and M. Abeles), 165

E

Echinococcosis affecting the vertebral column and spinal cord (N. H. Popow and R. J. Unerow), 158

EDWARDS, J. M.: Mental regulation of intestinal activity, 282

Elliott, ANNIE R.: Encephalographic studies in manic-depressive psychosis, 91—Encephalographic studies in mental disease, 281

Emotional reactions, blood sugar in relation to (John C. Whitehorn), 171

Emotional states of general paresis (Purcell G. Schube), 173

Encephalitis, epidemic, and disseminated sclerosis, concurrent (G. Peters), 273

Encephalitis lethargica, atropine for relief of intestinal tract in cases of (H. Feisenmeyer), 374

Encephalitis lethargica, lesions resulting from disturbances of tone and motility in cases of, previously treated by atropine (H. Sigmund), 269

Encephalitis, post-, chronic, in juvenile delinquents (Matthew Molitch), 280

Encephalitis, post-vaccinal, complete recovery confirmed by histological examination in a case of (B. Herkenrath), 89

Encephalographic studies in manic-depressive psychosis (Matthew T. Moore, David Nathan, Annie R. Elliott and Charles Laubach), 91

Encephalographic studies in mental disease (Matthew T. Moore, David Nathan, Annie R. Elliott and Charles Laubach), 281

Encephalomyelitis disseminata following ascending neuritis (Ross H. Thompson), 160

Encephalomyelitis, disseminated, non-suppurative, and disseminated sclerosis, relation to (G. Peters), 160

Endocarditis, infective, associated with a confusional state (David Shaw), 278

Endocrine studies in mental cases (Myer M. Harris, William A. Horwitz, and Siegfried E. Kutz), 94

Ependymal tumour. See Tumour

Ependymitis, primary; subacute type with occlusion of the foramina of Monro and hydrocephalus of the lateral ventricles (J. G. Arnold), 154

Epilepsy. Epson salt in small non-dehydrating doses in (Alexander Wolf), 213

Epilepsy in identical twins (R. H. Guthrie and W. M. Lebowitz), 272

Epilepsy, idiopathic, therapeutic effects of oestrogenic hormone preparations in (Richard W. Whitehead and Edwin E. McNeil), 165

Epilepsy, masked, and the simulation of traumatic epilepsy by cerebral tumour (Lewis R. Yeuland), 353

Epilepsy, migraine and some other neuro-psychiatric disorders, relationship of (H. A. Paskind), 272

Epilepsy treated with antirabic vaccine (M. Nikolic), 271

Epileptic fits, 'crowding' of, as the immediate cause of some epileptic fits (Max Levin), 256

Epileptic syndromes, chemical studies in (Helen Hopkins), 267

Epileptics, mental state of (E. M. Bridge), 173

Epsom salt in small non-dehydrating doses, in epilepsy (Alexander Wolf), 213

Ergotamine tartrate, comparative effect of on the arteries in the jia, dura and skin of cats (J. L. Pool and G. I. Nason), 82

Emerson, MILTON H.: Concomitance of organic and psychological changes during marked improvement in schizophrenia, 93

Essen-Moller, ekrit. Untersuchungen über die Fruchtbarkeit gewisser Gruppen von Geisteskranken (Schizophrenen und Manisch-depressiven und Epileptikern), review, 380

Etat malgré (A. Meyer and L. C. Cook), 311

Excitation, 'crowding' of, as the immediate cause of some epileptic fits (Max Levin), 256

F

FARKAS, J. F.: Changes produced by various types of drugs in schizophrenic patients, 181

FEISENMeyer, H.: Clinical examination of the intestinal tract in encephalitis lethargica relieved by atropine, 374

Fever, ureo-parotid, neurological aspects of (P. M. Levin), 273

Finkelman, I. S. (and W. MARY STEPHENS): Heat regulation in dementia precox, 321
